## Coast lawn bowlers visit city

Lawn bowlers from various B.C. points met in Kelowna Wednesday during the course of an annual visit to interior cities.

Above, Kelowna lawn bowling club president Tom Griffiths kneels in front of a group consisting of (left to right) A. Woodward, Powell River; Jack Drysdale, West Point Grey; P. T. Masterton, Terminal Club, Vancouver; and Dr. Ray S. Goodwin, West Point Grey.

Clubs represented were Vancouver, North Vancouver, Vancouver Island, Vernon and Kamloops. The visitors had previously visited Osoyoos and Penticton, and will play in Kamloops and Vernon later this week.

Games were played in Kelowna yesterday afternoon and evening.

## Another large convention

## Five hundred IOOF delegates will invade Kelowna for four-day parley next week

### Old Sol beams

Old Sol beamed from a cloudless sky yesterday as the mercury shot to a new season's high of 80 degrees. Thermometer will register about the same today.

It was the first warm spell of weather the Okanagan has enjoyed so far this year. Rest of B.C. also experienced fine weather.

Hotel and auto court proprietors will be given a 24-hour breather before another influx of visitors from outside points invade Kelowna for another large convention.

The 1,500-odd delegates of the Order of the Eastern Star today are en route to their homes following their annual session, and this morning the Grand Lodge of B.C., of the Independent Order of Oddfellows are making plans for their annual parley which opens here on Monday. About 500 people representing the Grand Lodge of B.C., the Rebekah Assembly, the Grand Encampment and the Patriarchs Militant, will attend the convention.

It is the first time in 22 years the IOOF has met in Kelowna.

## Council seeks ruling from gov't over owners of lakeshore homes encroaching on beach property

Matter of lakeshore residents encroaching on beach property has once again flared in council, and the city plans to obtain a definite ruling from the department of lands and forests.

Recently Miss Margaret Clarke, 351 Patterson Avenue complained over an adjacent neighbor, Frank Gorse, planting trees on the foreshore. She said it spoiled her view of the lake. City Fathers asked Solicitor E. C. Weddell, Q.C., for advice.

"It's an age old problem," said Ald. Dick Parkinson after he heard that Mr. Weddell suggested referring the complaint to the department of lands and forests. "I almost feel we should interest ourselves in the matter. If everyone decided to do this, we would be in serious trouble."

Veteran City Clerk George Dunn agreed the problem of accreted land had been discussed on many occasions in bygone years, but that no definite ruling had been obtained from senior governments.

One legal authority contended accreted land automatically becomes the property of the owner, providing there is no division line in front of the property. In this case, Mr. Dunn said, there is a line in front of the beach property and the engineering department is satisfied that the trees were planted west of the line.

Ald. Treudgold was in favor of the provincial government coming out "with a cut and dried policy". He said the matter does not only pertain to Kelowna, but other cities and towns bordering large bodies of water are also affected.

Ald. Parkinson suggested that in view of the fact there has been a change in government since the matter was last discussed, the city clerk outline the whole problem and send it to the government with a view of putting "teeth" into the act.

## Government building opens July 22

Official opening of the provincial public building will take place July 22, it was learned this morning.

Premier Bennett will officially open the \$300,000 structure. Also in attendance will be Hon. W. N. Chant, minister of public works, and representatives of the department.

## Mike Durban new fire truck driver

Hockey player Mike Durban has been hired by the Kelowna Fire Department as a fire truck driver for a probationary period of one year. Starting salary was set at \$250 a month. Mr. Durban commences his new duties next Monday.

Ald. Jack Treudgold informed council Monday night that a total of 15 applications had been received, five of which were from members of the volunteer brigade.

## Resigns post

George Meckling, city engineer for the past eight years, has tendered his resignation to accept a post of municipal engineer at North Vancouver. Resignation takes effect July 15.

Mr. Meckling is a past president of the municipal division of B.C. Professional Engineers, and is also a member of the examining board of the B.C. Professional Engineering Society. He joined the city staff ten years ago.

## More people flying

## Cariboo Air Charter has played major role in development of civic airfield at Ellison

Air travel at the Ellison airfield has increased 300 per cent during the past year, according to Ralph Hermanson, owner of Cariboo Air Charter.

Last month an all-time record was set in the number of flying hours for charter work and student flying. Total of 267.20 hours were flown. CAC operates six aircraft, four more than when it started operations 11 months ago. Three pilots, an engineer and an engineer's helper are employed full time.

Night landing lights will shortly be installed at the civic-operated airfield, and should be in operation by the end of June. Federal department of transport has also made a grant for improving the field, and work is expected to get started within the next few weeks. The area adjacent to the hangars will be blacktopped.

At present there is a grass runway, but this is scheduled to be hard-surfaced in the future. During the past week, Cariboo Air Charter has made three mercy flights. A woman who was seriously injured in an automobile accident at Oliver was flown to Vancouver for medical treatment and a little

## Downton to head local playground program committee

KART playground program will be under the supervision of a committee headed by Percy Downton, according to recreation director Jim Pantou.

Mr. Downton's committee will consist of Adolph Roth, William Parnell and Miss Shirley Pollard. It is hoped that the Aquatic Club will be able to provide supervision for the City Park playground in the mornings, giving the busy supervisor Linda Ghezzi a chance to concentrate on the other playgrounds in the morning.

Membership fee for all organizations has been boosted to \$5, and a letter and statements will be mailed out to all concerned within the next few days. Move was felt necessary for the more efficient operation of KART.

Two field days are coming up soon, the KART field day on June 25 and the Okanagan junior meet on July 5. Full details on these meets will be found in next Thursday's Courier.

## Local sea cadets capture top honors in rifle shoot

Teams from RCSC Grenville captured top honors in two rifle competitions, according to word received by local sea cadet officers.

In the dominion shoot, Able Seaman Ian Powick won the highest average score in B.C. The team, headed by Leading Seaman Gordon Whitham had an average score of 87 percent. L/S Whitham had 91 percent; L/S George Polaris, 88 percent; A/B Gerry Stowe, 87 percent; L/S Bruce Preston, 86 percent; A/S Ian Powick 85 percent, and A/B Tom Balfour 84 percent.

Angus E. Smith, a retired RCMP officer was responsible for training the young marksmen.

Local students who entered the

May 30, 1955	100.12
June 7, 1954	101.75
Agreed Maximum	102.50
Agreed Minimum	99.50

## Underwood heads local public works

W. M. Underwood has been appointed district superintendent of the local provincial public works department. He succeeds Tom Hughes who recently resigned to take a new post with the University of British Columbia.

Mr. Underwood held a similar post at Prince George before coming to Kelowna. His territory extends from Winfield south to Summerland. Prior to going to Prince George, he was stationed at Fernie.

Mr. Underwood has been with the department since 1938.

## Oxygen unit credited with saving life

Recently-acquired oxygen therapy unit has already been credited by fire department officials with saving the life of a Kelowna farmer.

The portable oxygen bottle weighs about six pounds, and has been placed in the civic-operated ambulance. Earlier this week a Japanese farmer, Harry Shiba was injured when his rock-loaded trailer toppled over the edge of a cliff, dragging a tractor with him.

Shiba sustained a broken rib and punctured lung after he fell 150 feet down the cliff. Kelowna ambulance was called, and the oxygen unit was used. He is recovering in Kelowna hospital.

## Former Kelowna man promoted to high post

W. J. Guiler Kennedy, son of Mr. and Mrs. J. C. Kennedy, Bankhead, has been appointed field supervisor on all construction work in the development program of the Powell River Paper Co.

Mr. Kennedy has been employed by Powell River for the past six years. A graduate of UBC, Mr. Kennedy is a civil engineer, and supervised the paper company's expansion program on Lulu Island last year.

## Killed instantly

## Ill-fated plane with two local men aboard found near Hope

Bodies of men aboard the ill-fated airplane which crashed Friday night 15 miles east of Hope, are being brought here where funeral services and interment will take place.

Pilot Peter Jacob Fuhrmann, 26, and Jack Marshall, 25, a passenger, were killed instantly when the light monoplane crashed into rugged Mount Outram at the 6,000 foot level Friday night.

A nine-man rescue squad reached the scene late yesterday afternoon, and had to be lowered 600 feet from a nearly vertical cliff-face after being landed on the mountain peak by a helicopter. The bodies were brought to the top of the peak and later flown to Hope by helicopter.

The men took off from Ellison Field Friday afternoon en route to Vancouver. They landed at Princeton, and at 6.30 p.m. set off on the last leg of their flight to the coast.

Pilot Fuhrmann arrived here a week ago with his wife and two small children, to visit his parents, Mr. and Mrs. Peter Fuhrmann, 563 Leon Avenue. He and Jack Marshall, son of Harold Marshall, Kelowna old-timer, attended school together, and they decided to fly to Vancouver where the former wanted to inspect a mental institution.

Search planes have been scouring the skies the past five days after the craft was reported missing.

Mr. Fuhrmann was born in Success, Sask., and came to Kelowna with his parents in 1943. He was educated in Kelowna High School; took up radio work for a time, and then went to Weyburn, Sask., in 1950 to take training in psychiatric nursing in the Weyburn hospital.

MARRIED IN 1949  
He graduated in 1953 and was employed with the Weyburn Mental Hospital. He and his family had come to Kelowna to spend a month's holiday with his parents, Mr. and Mrs. P. Fuhrmann. He was married in 1949 in Kelowna to Marjory Rolfs, of Macoun, Sask.

Besides his wife, he is survived by two children, Peter 5, and Kenneth 2, as well as his parents. Funeral arrangements will be announced later.

## Whizzbangs remember fallen

Veterans of two world wars gathered in Kelowna at the 21st Annual Whizzbang re-union on Sunday. Above, E. R. Hartwick, retiring president and former member of the BCD's, is seen laying a wreath on the Cenotaph in memory of the fallen.

The oldest member of the 2nd CMR's still living is A. J. Fisher, of Honey, 83, who hasn't missed a Whizzbang re-union since they were started almost two decades ago. Above, Mr. Fisher left, chats with a "younger" of 72, Warwick Arnott, of Penticton.

## Restless III continues to win races

Gordon L. Finch piloted Art Jones' "Restless III" to victory over eight international entries in the Seattle Inboard Racing Association's Memorial Day trophy race.

This was the second consecutive win for the Kelowna boat, which won both the 225 and 260 hydro classes. Mr. Jones, left, holds a replica of the Seattle Cup, and Mr. Finch holds a replica of the Gold Cup won in Vancouver in 1953.

## Top-notch athletes and individuals who have helped sport will be honored by KART

Largest gathering of top-notch athletes representing Okanagan, B.C. and Western Canada champions will be present for the tenth semi-annual Banquet of Champions to be held here next Wednesday.

Event is sponsored by Kelowna Athletic Round Table, and will be held at 6.15 p.m. in the Aquatic Club lounge.

Special awards will also be made to individuals who have played a major role in helping athletes.

Among special invited guests are "Cyclone" Taylor of Vancouver and Clem Bird and Grant Warwick of Penticton V's.

Gary Puder, outstanding golfer will receive the Ciancone Memorial Award, emblematic of the outstanding junior athlete of the year. William Spear, past president of the Okanagan Senior Hockey League, and City Engineer George Meckling will also be recognized for their contributions to sport.

Meckling is leaving the city in mid-July to take the post of municipal engineer at North Vancouver. Athletes to be honored include:

Juvenile hockey, Martin Dulik, Jack O'Reilly, Terry Hikida, George

year are: president, Peter Reid; vice-president, Peter MacLarin; secretary, Art Jackson, and treasurer, George Ferguson.

Transportation for members and prospective members wishing to take part in the derby will leave the high school at 10.00 a.m. on Sunday.

Figure skating: Diane Stolz (Western Canada champion).

Senior hockey: Jim Middleton (member of Penticton V's).

Badminton: Val Van Ackeren, Peter Reid, Joan Motowyllo (B.C. champions).

Judo: Eddie Wohl (B.C. brown belt champion).

Awards of merit: Figure skating, Joan Delcourt, Tony Griffin, Monica Hill, Louise Orwell, Sandra Lipsett, and John Franks (Okanagan-Mainline champions).

Bowling: Anne Hodgkinson, Ben Waldron, Bob Koyanagi, Ted Rabone and Ed Turner (Okanagan-Mainline champions).

## Major golf tourney this week-end

Over 80 golfers from valley points will compete for four cups and valuable merchandise prizes on Sunday at the Kelowna Golf Club. Tee-off time is 8.30 a.m.

Kelowna Day, as the event is called, is an annual affair, and golfers from Kamloops, Revelstoke, Vernon, Salmon Arm and Penticton will compete.

The draw will be made Saturday night, and the early players will be informed by phone.

Last year's winners were: McEwan Open Championship Cup (27 holes), Monk Steele of Kelowna; Trench Handicap Trophy (27 holes), Ernie Butler of Kelowna; Jones Open Senior Cup (27 holes), Dr. Sam Hannah, Vernon; Barton Open Senior Cup (18 holes), Hal Puder, Kelowna.

## Butler thinks amalgamation of two leagues would benefit hockey if satisfactory terms arranged

"If it can be arranged equitably, I think it would be a good thing for senior hockey in B.C.," declared Dr. Mc Butler, president of B.C.A.H.A., commenting on the possibility of amalgamation of the remaining three teams in the WIHL with the OSHL.

There is no doubt the stronger representation there is in senior hockey in the province, the better it will be for the chances in bargaining with the rest of the domination for concessions, he said.

But no matter how much better it is for hockey, the local teams have their responsibility toward their own fans, the ones who pay their way by attendance, and toward their own league.

If this proposed union of the two leagues were attempted on a straight home-and-home basis, it wouldn't be feasible, since the teams are not all sure they can stand the expense.

MAY CALL MEETING

Dr. Butler said he felt there might be a possibility of arranging two home games apiece per season, for some players to work as they might fill the bill.

This interchange of games would give the various teams concerned the chance for league play, without imposing prohibitive travelling. Excessive travelling could have the effect of making it impossible for some players to work as they do now.

No definite proposals have been made, and when they do it will be necessary to call an emergency meeting of the OSHL, in all probability, to feel out the reception of all teams concerned now playing in the Valley league.

## Gary Puder to receive high award

Gary Puder, one of Kelowna's outstanding junior athletes, has been chosen for the Angie Ciancone award, which will be presented to him on Wednesday at the KART tenth semi-annual Banquet of Champions.

Gary, an outstanding golfer and basketball player, has taken part in many of the sports meets in the past year. His most recent triumph was "beating the champion" in the local phase of the National Golf Day, when he bettered the score made by Ed Furgol at the Olympic Club in San Francisco.

The award plaque is presented each year to the junior athlete whose attitude in citizenship and proficiency in sports make him appear outstanding. Gary's scholastic ability and citizenship, combined with his unquestioned sports prowess, made him a natural for the presentation, KART directors feel.

The award is made in memory of Angie Ciancone, whose death at 26 years of age, from leukemia, cut short a splendid career in lacrosse and boxing.

WEDNESDAY

Prayer Meeting—8:00 p.m.

## Local people will attend coast rally

A total of 120 delegates from the congregations of Jehovah's witnesses in Kelowna and Winfield will shortly attend an assembly in Vancouver.

J. Beniteau, presiding minister here, announced that an expected 25,000 will attend from Western Canada and the Northwest States.

The scene of convention activity will centre around the new Empire Stadium for five days beginning June 29.

Describing this assembly as one of a world-sweeping series of eleven Christian conventions, Mr. Beniteau pointed out that in 1955 an eight day assembly at New York drew a peak attendance of 165,000 from 97 lands, and that this year it is hoped that the combined attendance will double this. Other convention cities mentioned were Los Angeles, Chicago, Dallas and New York in the United States and in Europe the chosen locations are London, Paris, Rome, Nuremberg, Stockholm and The Hague.

Arrangements are already under way to send over 4,500 delegates from the United States and Canada to the European assemblies. Delegates from Latin America, Africa, Australia and the Far East will also attend in Europe.

From the forest, the former of ten obtains a goodly portion of his annual cash revenue.

## Eastern Star delegates end three-day session

Mrs. R. Albright, Vancouver, was installed as worthy grand matron in an impressive ceremony held in conjunction with the three-day 44th annual session of Order of Eastern Star which concluded last night. Grace Wilcox, grand installing officer, conducted the installation.

Other officers include, worthy grand patron, Wm. J. Barge, White Rock; associate grand patron, Mrs. W. A. Vance, Prince Rupert; associate grand patron, Dr. Wilfred Nicholson, Nanaimo; grand secretary, Mrs. W. A. Freeze, Vancouver; grand treasurer, Miss Fannie D. McCleery, Hollyburn; grand trustees, Mrs. H. Purvis, West Westminster; Mrs. Alex. H. McDonald, Vancouver; Mrs. Frank A. Francis, Vancouver; Mrs. J. Argyle, Nelson; and Mr. G. S. Barker, Vancouver.

Grand conductress, Mrs. W. Kirkham, Vancouver; associate grand conductress, Mrs. M. Carr, Merritt; grand chaplain, Mrs. L. Ellis, Vancouver; grand lecturer, Mrs. H. Purvis, West Westminster; grand marshal, Mrs. G. Peel, Salmon Arm; grand organist, Mrs. H. Fairbrother, Vancouver; grand Aida, Mrs. A. Nyman, Vancouver; grand Ruth, Mrs. M. Dalgleish, Kamloops; grand Esther, Mrs. S. Carson, Squamish; grand Martha, Mrs. M. Wardrop, Mission City; grand Electa, Mrs. C. Veitch, North Vancouver; grand warder, Mrs. E. Witt, Kelowna; grand sentinel, Mr. H. I. Jones, Coquitlam.

Approximately 1400 delegates registered for the session. They represented 75 chapters across the province from Vancouver to Dawson Creek. Grand chapter now has a membership of 9,868.

During past year Order of Eastern Star has contributed \$13,392.01 toward free cancer dressings, and

## Academic and athletic awards are presented to graduates of George Pringle high school

WESTBANK—With the graduation class, staff members and guests gathered on the platform for the annual ceremony, solemnly punctuated strains of "Land of Hope and Glory", the graduation exercises got under way on Friday evening in the gymnasium of the George Pringle High School, Westbank, before a large attendance of the student body from Lakeview Heights, Westbank and Peachland, their parents and friends.

After a short opening address by the principal, Mr. MacLauchlan, presentation of the non-academic awards was made by Mr. Ouweland. The House General Efficiency Trophy was accepted for House I by Ed Wingenter, and the following awards were made on behalf of the May Day committee:

Cup for highest aggregate points for sports Alan McKinnon; medal for runner-up in points for sports, Vic Wingenter; junior boys' medal, Donnie Cousins; junior girls' medal, Leona Webber.

A plaque to House I was presented by Vern Ferguson, president of the students' athletic council, to house captain Bernice McCaulder, who had received most points for girls' sports on May Day.

P-TA scholarship of \$50, awarded to Ralph Bradbury.

Presentation from Students' Athletic Council, electric clock to Mr. MacLauchlan for the gymnasium.

Mr. J. Cameron, member of the school board from Peachland, and Inspector A. S. Matheson, both spoke briefly.

Academic awards for class standing were:

Grade 7-1, Gladys Batty; grade 8-1, Jo-Anne Duncan; grade 9-1, Leona Webber; grade 10, Kathie Selteneich; grade 11-1, Jean Bradley.

First place in Grade 12 went to Audrey Selgrist, who was awarded the honor of delivering the valedictorian address.

Futuristic sketches, cast in a light, humorous vein were the impressions of ten years or more hence of each member of the graduating class as recorded now by a fellow member of the class.

Perhaps the most impressive part of the program was the administration of the oaths of office to the president-elect, of the students' council, Kathie Selteneich, by the retiring president, Ralph Bradbury. This short ceremony was performed with the same decorum and solemnity as if the ceremony were in connection with appointment to a high public office.

The guest speaker of the evening was Miss Hilda Cyderman, of Vernon, president of the B.C. Teachers' Federation, who spoke on the subject "Education for a Changing World".

In the course of her remarks, Miss Cyderman very clearly established the point that it is rather a fruitless task to measure the program for one school generation against that for the next generation.

"Today we are on the threshold of the atomic age and thirty years from now our courses of education will probably vary much more from those of the present than the latter now differ from those of thirty years ago. The curriculum for each generation can, in fact, only be evaluated in terms of the context of its own times," she said.

Following are the members of this year's graduating class:

Arthur Basham, Ralph Bradbury, Margaret Domi, Vern Ferguson, Tom Itani, Mary Johnson, Lloyd Kraft, Bernice McCaulder, Roy Nelson, Audrey Selgrist, Lois Walker.

These graduates, with the guests and the officiating members of the staff, were entertained after the ceremonies in the gymnasium where a banquet was prepared and served by the students of Grade 11 under the supervision of Mrs. Melstead.

At this banquet the following toasts were proposed:

To the Queen by Ralph Bradbury, president of Students' Council; to the graduating class of 1955, by Mrs. C. R. Cameron, responded to by Roy Nelson; to the staff by Lois Walker, responded to by Mrs. Selgrist; to the school by Mary Johnson, responded to by Mr. Wakefield; to the incoming student council by Mr. MacLauchlan, responded to by the president-elect, Kathie Selteneich.

On behalf of all invitees to the banquet, Mr. Ralph Bradbury thanked the students of Grade 11.

## Domestic water system at Rutland step closer following visit from water rights head

RUTLAND—The Rutland Board of Trade held their monthly meeting at the high school on Wednesday evening of last week with President Charles Buckland in the chair.

Reports were received on the progress of the domestic water committee which indicated that the new domestic water district would soon be gazetted. R. C. Luens stated that the committee had met Mr. Paget water controller, while he was in the district and some changes in procedure had been made at his suggestion.

A report on the recent meeting of the Southern Associated Boards of Trade at Okanagan Falls was reported to the members by A. W. Gray. In answer to the board's request for sidewalks in congested areas, the secretary, Harry Hobbs read a letter from Hon. P. Gagliardi which he stated that the department was prepared to widen roads in places by extending the shoulder of the road to provide a better roadway. The board requested the secretary to reply at once urging such widening for the Black Mountain Road from west of the Adventist Academy to the post office corner.

At the close of the business session (films of the Penitentiary and Russia world championship hockey contest were shown.

## Friday-night club will make plans for summer season

Since this is the final indoor meeting of the season for the United Church Friday Night Club all members and prospective members are urged to attend the meeting tomorrow evening at 8:00 p.m. in the church parlors.

Plans for the coming months will be discussed and this summer promises to be another round of hilarious bench parties and outings.

## Miscellaneous shower honors bride-elect

Miss June Burmaster and her mother, Mrs. H. C. Burmaster, were co-hostesses to a miscellaneous shower given in honor of Cecilia Hannestad, bride-elect for this month.

Guests were mostly neighbors. After an hour spent playing bingo, the gifts were brought into the room in a little wagon pulled by Miss Hannestad's two pet dogs. Miss Elsie Rempel assisted the bride in opening her many lovely presents.

Hostesses were assisted with the refreshments by Mrs. Bob Harbicht and Mrs. M. D. Hughes.

## Miscellaneous shower given June bride

Mrs. A. C. Anderson, Elliott Ave., was hostess to a miscellaneous shower given in honor of Miss Mae Lander whose marriage to Mr. Tilman Nahn takes place this month.

Fifteen guests were present for the affair which came as a complete surprise to the bride. After a number of interesting party games were played, the bride began her treasure hunt. Suspended from the light fixture in the center of the room was a gaily decorated umbrella to which was attached a series of little cards indicating where each gift was to be found. Miss Shirley Blackwell and Mrs. Peter Reigh later assisted the hostesses with the refreshments.

The forests generate a quarter of the income of all Canadians.

# Blaze extinguished by local firemen

A minor fire in the small storage  
shed at the rear of Orchard City  
Press yesterday was quickly ex-  
tinguished by high-pressure fog  
spray with little damage resulting.  
This was the second silent alarm  
for the department in June, with  
one false alarm last Thursday.  
Silent alarm is used when the fire  
is not of sufficient consequence to  
demand the aid of the volunteer  
firefighters.

When the general alarm is used,  
the horn gives the volunteers a code  
whereby they know the district to  
proceed to, speeding up their or-  
derly arrival at the scene.

**CALLER SUDDENLY** ... Mr. R. D. Horton, Royal Ave., made a hurried trip to Vancouver last Friday. Called to the bedside of his brother, Mr. Leonard W. Horton, he arrived a short time after the former had passed away. Funeral was held last Tuesday. The late Mr. Horton is survived by his wife, two young daughters, his mother, and his brother Don.

## Kelowna girl receives nursing degree

MISS ANNIE GRI

Among the 51 students graduating from the College of Medical Evangelists School of Nursing with the Bachelor of Science degree are Annie Gri, daughter of Mr. and Mrs. Frank Gri, 1025 Stockwell Ave., Doreen Elvedahl, daughter of Mr. and Mrs. Leif Elvedahl, East Kelowna, and Joyce Kuhn, daughter of Mr. and Mrs. G. K. Kuhn, R.R. No. 3, Kelowna.

Total of 180 students representing five schools of specialized medical training at the CME, Loma Linda, California, received diplomas last Sunday evening in commencement services held at the Redlands Bowl. Dr. Cyril Brian Courville, professor of neurology at the College delivered the Sunday evening commencement address.

On the previous day, Saturday

afternoon, baccalaureate services were held in the Pasadena Civic auditorium at which time Francis D. Nichol, editor of Seventh-day Adventist church weekly, the review and Herald, was guest speaker. Chosen as its motto for this fiftieth anniversary "To Make Man Whole" the basic object of the institution is to train men and women who can minister to both the physical and spiritual needs of the sick.

## Auxiliary requests priority list of hospital equipment

Thirty-nine members were present for the May meeting of the Junior Hospital Auxiliary held last week in the Health Centre with Mrs. H. M. Trueman president. Chief order of business were reports on hospital fair.

Mrs. N. DeHart reported for the buying committee that the equipment previously ordered has now arrived and is in use at the hospital. This order includes stretcher, Mayo stands, portable suction motor for operating room, foot stools, and two croupettes. Hospital board will be asked to submit a priority list of equipment needed to the June meeting of the auxiliary in order that proceeds from hospital fair may be put to beneficial use as soon as possible.

Mrs. H. Smith was welcomed as a new member, and at the same time members learned with regret that Mrs. W. Ball is leaving Kelowna. Mrs. J. Templar offered to finish out Mrs. Ball's term helping at the Health Clinic.

Mrs. L. Leathley reported that twelve school-age children in the hospital had received souvenir spoons on Jubilee Day.

Members have been asked to turn in to the hospital any clean, old white blankets, suitable for foam-forts.

Mrs. A. E. Walters and Mrs. Rex Lupton were named to convene the Susan Potter demonstration that will take place in the fall.

Next meeting will be held on Monday, June 20, at the Aquatic and will include Smorgasbord.

**VISIT COAST** ... Mr. and Mrs. R. E. Lapp left early this week for a holiday at Vancouver, and other points.

## Hither and Yon

**ANNOUNCE BIRTH** ... Mr. and Mrs. Claire M. Gray, Westbrook Villa, Vancouver, announce the birth of a son, Ross Eric, on May 27. Mr. Gray is the son of Dr. R. E. Gray, 2386 Richter St.

**PLAN SUMMER CAMP** ... Final meeting of the season for the Ladies Auxiliary to the Boy Scout Association will be held next Tuesday, June 14th, at 8:00 p.m. in the board room of regional library. Discussion of boys' camp this summer will be main item of business.

**WEEK-END VISITOR** ... Miss Gwili Harvey, Vancouver, was a week-end guest of Mr. and Mrs. A. E. Walters, Pendzoi St.

**HERE FROM EAST** ... Mr. and Mrs. E. B. Van de Water, Toronto, were guests of Mr. and Mrs. R. P. Maclean, Maple St.

**VISITS CHILDREN** ... Mrs. Peter Decicco, Groves Ave., left last Friday for a week's holiday in Vancouver visiting with her two sons, and her daughter, Mary.

**RETURN HOME** ... Dr. and Mrs. W. J. Knox returned home on Monday after holidaying in Vancouver.

**SISTER VISITING** ... Mr. and Mrs. J. I. Monch, Maple St., have arrived home after visiting in Vancouver. On their return they were accompanied by Mr. Monteith's sister, Mrs. Heath.

**LEFT YESTERDAY** ... Mrs. J. M. Daddon, Winnipeg, left for home yesterday after spending two months with her son-in-law and daughter, and Mrs. E. R. Pelly, Willow Ave.

**FORMER RESIDENTS** ... Mr. and Mrs. W. G. Borland, Calgary, have been the house guests of Mr. and Mrs. W. H. Grant, 371 Glenwood Ave. this week. Mrs. Borland is a past-president of the Kelowna chapter of the Eastern Star.

**GUIDERS MEET** ... Regular meeting of Kelowna and District Girl Guide Association will be held at the home of Mrs. D. S. Catchpole, 715 Sutherland Ave., next Monday, June 13, at 8:00 p.m.

**EXTENDED VISIT** ... Miss Helen Penrose, daughter of Mr. and Mrs. Frank Penrose, 825 Cadder Ave., left last Friday for San Antonio, Texas. Enroute she will stop at various points to visit relatives.

**BROTHERS TO VISIT HERE** ... Mr. Lyle Horner, Edmonton, who is presently visiting with his mother, Mrs. C. M. Horner, Okanagan Mission, is driving to Vancouver this week to pick up his brother and sister-in-law, Mr. and Mrs. Alan Horner, and their young son, David, who are arriving here by plane. Mr. and Mrs. Horner will visit with their parents, Mrs. C. M. Horner, and Mr. and Mrs. Floyd Whipple, Oyma.

**EASTERN STAR DELEGATE** ... Visiting at the home of Mr. and Mrs. T. W. Buchanan, Bertram St., during the month of May were Mrs. Amelia Fraleigh, Mr. and Mrs. Lloyd Fraleigh, and Mr. Hugh Currie and son, Tommy, all of Cloverdale. Currently visiting Mrs. Buchanan is Mrs. Christine MacLean, Wells, B.C., who is a delegate to the Eastern Star session held here first part of this week.

**BIKE SIRENS** ... JALIFAX—Police here have put a ban on bicycle sirens. Police Chief Verdon Mitchell says all sirens found on bicycles will be confiscated, although dealers are not forbidden by law to sell them.

## Members of Jean Fuller school of dancing present review next Friday, Saturday

Jean Fuller School of Dancing "Television Highlights" dance revue, being sponsored again this year by the Anglican Drama Club, is a profusion of color and brings to its audience entertainment to suit every age and taste.

Appearing in the Anglican parish hall, next week, June 17 and 18, at 8:00 p.m., the program is based on the various types of programs appearing on TV channels, such as Children's Hour, Sports-cast, and Latin American Dance Hour.

About 80 children will take part in the annual revue to be staged in the Anglican parish hall.

One of the aims of the dancing school is to help the pupils develop their techniques through constant practice. Through their weekly lessons children and teenagers are building strong healthy bodies, developing a skill that could lead them into the entertainment world and still they are having a good time.

Beginning with Channel One, the children's story hour entitled Anties in a Toy Shop, the production is unusual. As the curtains are opened dainty dolls, children from about three to eight years old, are poised here and there about the stage; some in boxes, others grouped together on low shelves, but all delightfully dressed. There are far-fetched dolls, Dutch dolls, rock-a-bye baby dolls, and Scotch dolls, to name a few. One outstanding act in this first channel is the acrobatic number by the two jacks-in-the-box, Gail Steward and Rose Annette Gonia. Evelyn Osmack is the fairy princess.

Following intermission, Channel Two presents the Jubilee dance number as given in the Jubilee Book on May 4. Channel three is to avoid overpacked crowd to the sportscast featuring the racket give everyone interested an opportunity, and two boxers on taps, Gary Lundy to see the show instead of Fortney and Harry Genis. Off to being turned away as many were the football game, stars Roger Pick last year.

## Okanagan and Victoria share interest in Eburn-Clement nuptials held here

Baskets of lilacs, tulips and peonies were artistically arranged to provide a pleasing setting for the spring wedding of Ethel Viola Clement, daughter of Mrs. George Clement, Penticton, to Mr. Alfred Eburn, son of Mr. Ernest Eburn, Victoria, last Saturday afternoon, in First Baptist Church, the Rev. B. A. Wingblade officiating.

Given away by her uncle, Mr. George Brisco, the bride was attractively gowned in net and charmingly lace over slipper satin. Two layers of nylon tulle accented the floor-length bouffant skirt which stood out gracefully over crinolines. Chantilly lace bodice was fashioned with a dropped scalloped waistline bordered with a dainty ruffle of tulle. Yoke of net trimmed with double row of fine seed pearls formed the neckline and sleeves of the gown were lily-point. Dainty coronet of pearls held in place her finger-tip veil, and she carried a small white Bible, crested with a single gardenia centered in a spray of lily of the valley.

Miss Ruth Clement, her sister's only bridesmaid, wore a floor-length gown of rose tulle fastened with an Elizabethan collar.

## Engagements

**FISHER-KRUMM**  
Mr. and Mrs. L. W. Krumm, 1304 E. 25th Ave., Vancouver, announce the engagement of their daughter, Deloris Eileen Krumm, to Mr. Joseph Robert Fisher, Trail, B.C., the youngest son of Mr. and Mrs. J. H. Fisher, 478 Bernard Ave., Kelowna. Wedding will take place on Saturday, July 2, at 3:00 p.m. in Ruth Morton Baptist Church, Vancouver.

**WILSON-SAUER**  
Mr. and Mrs. Joe Sauer, R.R. 1, Winfield, announce the engagement of their eldest daughter, Evelyn Leota Pearl Sauer, to Mr. Richard Lloyd Wilson son of Mrs. Louella Wilson and the late Mr. R. C. Wilson.

Wedding will take place on Saturday, July 2, at 4:00 o'clock, in First Lutheran Church, the Rev. W. A. Wachlin officiating.

**THOMSON-SUTTON**  
Mr. and Mrs. Felix Sutton, Bankhead, announce the engagement of their younger daughter, Doreen Vivian Sutton, of Calgary, Alberta, to Mr. John Smith Thomson, also of Calgary.

The wedding will take place on Monday, June 27, at 3:00 p.m. in First United Church, Kelowna Rev. D. M. Perley officiating. Groom is formerly of Glasgow, Scotland.

**APPLETON-KING**  
Mr. and Mrs. Howard C. King, Cranbrook, B.C., announce the engagement of their daughter, Rita Marianne, to Mr. Darrell Jack Appleton, son of Mr. and Mrs. William Appleton, 1437 St. Paul St., Kelowna.

Wedding will take place in the Latter Day Saints Chapel, Cranbrook, on July 1st, at 3:00 p.m.

## Senior citizens plan annual picnic June 15

Plans for Senior Citizens' membership picnic to be held at Gyro Park on June 15 have now been finalized. All members are requested to meet at the United Church at 2:00 p.m. for transportation, and are asked to bring their own cups, plates, knives, forks and spoons. Should there be more than the picnic will be held in the Legion hall.

Pulp and paper exports alone have a value six times that of Canada's gold production.

## Many homes under construction

May building values higher than any  
corresponding month in last ten years

Paced by residential construction valued at \$145,810, building values during May were the highest of any corresponding period in the last ten years.

Total of 32 permits were issued last month for a total value of \$215,900. Five-month building figure now stands at \$508,260, the first time it has exceeded the half-million dollar mark since 1951.

Acute shortage of residential accommodation in Kelowna was indicated by the 14 permits issued for new homes.

Five permits were issued for residential additions valued at \$3,440; one commercial building, \$2,300; addition to commercial building \$10,000; two permits for business buildings, \$14,900; six garages \$1,950, and one sign, \$1,000.

Following is a list of comparative figures for the last ten years:

Year	Month	Total
1935	May	\$211,900.00
1936	May	\$208,260.00
1937	May	\$202,765.00
1938	May	\$274,476.00
1939	May	\$253,307.73
1940	May	\$274,130.00
1941	May	\$277,991.00
1942	May	\$169,292.00
1943	May	\$236,560.00
1944	May	\$246,560.00
1945	May	\$188,345.00

Following is a list of the individual permits granted:

## COMMERCIAL BUILDINGS

Noca Dairy 1136 Richter St., warehouse, carport, \$2,300.

## COMMERCIAL BUILDINGS

Additions and alterations, Lipsett Motors, 1584 Ellis St., addition \$10,000.

## BUSINESS BUILDINGS

E. Winter Ltd., 527 Bernard Ave., store, workshop \$9,900; A. E. Davis, 581 Gaston Ave., office, \$5,000.

## RESIDENTIAL

W. Schumaker, 1205 Richter St., residence, \$8,500; A. S. Wiig, 1026 Harvey Ave., residence, \$12,000; Sam Bohn, 1872 Caruthers St., residence, \$11,500; A. Trenn, 1966 Bowes St., residence, \$11,910; C. Badke, 941 Leon Ave., residence \$9,000; Nick Kalenchuk, 979 Laurier Ave., residence, \$8,500; J. M. Sander, 1946 Bowes St., residence, \$10,500; E. R. Heinzman, 735 Clement Ave., residence, \$9,500; J. W. Scott, 541 Buckland Ave., residence, \$11,000; W. O. Aynsley, 461 Cadder Ave., residence \$12,900; Mike Hollowach, 1980 Copeland Place, residence, \$10,000; J. E. Coops, 2000 Sterling Place, residence, \$12,000; J. M. Gibson, 1861 Caruthers St., residence, \$10,500; R. Rantucci, 771 Bay Avenue, residence, \$9,000. Fourteen permits issued for a value of \$145,810.

## RESIDENTIAL ADDITIONS AND ALTERATIONS

R. H. Bowman, 579 Lawrence Ave., alteration, \$1,500; J. Denter 957 Stockwell Ave., alterations, \$200; B. B. Parker, 755 Lawton Ave., addition, \$290; P. Schellenberg, 959 Bernard Ave., addition, \$700; J. W. Gee, 124 Lake Ave., addition, \$750. Five permits issued for a value of \$3,440.

## GARAGES

S. T. Jessop, 558 Roanoke Ave., garage, \$350; Y. Irish, 561 McKay Ave., garage \$300; W. Gardner, 826 Leon Ave., garage, \$300; W. A. McLeod, 504 Francis Ave., garage, \$400; E. Palmer, 925 Bernard Ave., garage, \$300; E. R. Olney, 497 Leon Ave., carport, \$300. Six permits issued for a value of \$1,950.

Frank T. Gray,  
Centre fruit  
farmer, passes

OKANAGAN CENTRE—Funeral services were held on Wednesday afternoon for one of the earliest residents of Okanagan Centre, Frank Thomas Gray, who passed away Monday morning, following a long illness. He is survived by his mother, Mrs. E. F. Gray, of Okanagan Centre, and one sister, Mrs. L. Seeman, of Seattle.

Born in Bushnell, South Dakota, he remained an American citizen up to the time of his death, though he came to Okanagan Centre with his parents in 1907.

In the autumn of 1917 he went to Seattle where he was inducted into the U.S. Army, serving until discharged at the conclusion of the war. He returned to operate the Gray orchard property at the Centre. H. F. Hobson conducted the Christian Science Services at Day's Funeral Home, interment following in the Kelowna cemetery.

Attending the service was Mrs. Seeman's husband who flew from Seattle on Tuesday.

East Kelowna  
Brownie pack  
holds meeting

EAST KELOWNA—A meeting of the East Kelowna Brownie Pack committee was held in the Community Hall with Mrs. D. Evans presiding.

Mrs. W. Hince reported on the Brownie activities. Two recruits were welcomed. Four Brownies will be taking Golden Hunt tests on June 18.

The annual cookie week, she said, was successful. The summer program was discussed but nothing definite was arranged.

"STREET CORNER"

Adult Entertainment

Only

A forthright story, truer than life. A father with neither the will, or the stomach to raise his daughter as he knew well he should. A mother shocked by the realities of life, who believed that ignorance in sex matters was a sure guarantee of womanly virtue, and of a daughter who paid. Woven into a picture, are also actual medical sequences dealing comprehensively and utter frankly with the delicate subjects of childbirth. Watch for the big descriptive folder going out to all householders.

## Good neighbors

This newspaper has frequently expressed the belief that any organization, whose activities tend to increase personal friendships and wider understanding between the peoples on both sides of the international border, is performing a worthwhile service. A similar expression of this viewpoint was made by the *Wenatchee World* last week when the Victoria Chamber of Commerce on a tour of North Central Washington visited Wenatchee.

The *World* said, in part: "Primarily they were here to tell us about Victoria, and what tourist attractions it has to offer, which are many, but in travelling over our state, they can't help but absorb something of the attractions on this side of the border, too. Tourist lanes run both ways, which is a fine thing. Let's get better acquainted with our neighbors, especially those across the international boundary line."

The *World* went on to speak of the seating arrangements which alternated Canadian and American at the tables: "This is where they got acquainted. Three-quarters of an hour spent this way is worth more than many long speeches. The advantage of these minglings across the border lies in the many individual friendships they build up. It is true of goodwill tours such as this one arranged by a chamber of commerce. It is true of the activities of the Okanagan-Cariboo Trail Association and the good-roads meetings held

from time to time on both sides of the border where people from Canada and from the U.S. with one object in common—better roads—get together to plan on how to build them. It is true of the Rotary International and other service club conferences held each year, first on one side of the border then on the other, in which members and their wives meet and become better acquainted with their fellows for a few days.

"There are hundreds of people living in North Central Washington whose memories of Canada are those of a warm friendly home in Kelowna, Vernon, Penticton or other cities to the north, where friendly people sat together for an evening and discussed their common problems. Passage across the boundary line between the two countries is so easy and free of red tape that it is easy for anyone making the trip by car to forget he is in another country. The country is the same; the customs are practically the same; the money is interchangeable. No wonder we mingle so freely back and forth across the imaginary line that divides the two countries. And no wonder we dwell in peace side by side, despite our differences in minor things... One hundred years of peace. It is more than just the fact that our borders here are unarmed. It is these friendly visits between neighbors, back and forth, year after year, and the friendships they build up that does it. It's just being good neighbors."

## So very, very genteel

(From the *Victoria Colonist*)

Hansard records of debates in Parliament are commonly supposed to be complete records of everything said there, in the exact words used by the members. That, however, is far from being the truth. Hansard reports are extensively edited in much the same way as a kind-hearted newspaperman saves a stumbling public speaker from making a fool of himself by translating garbled and awkward phrases into intelligible form. Members of Parliament who are weak on syntax can safely leave it to the Hansard men to correct their mistakes.

There are good and bad sides to this system. Hansard would make tedious and almost impossible reading if it left sentences hanging in mid-air, where many speakers so often leave them; or if every "er" and "um" was faithfully taken down. On the other hand the stereotyped correctness of Hansard grammar and sentence construction creates the false impression that every member of the House is a master of the English tongue.

While there is much to be said for Hansard editing up to a point, the editors seem to have

over-reached themselves in liberties taken with a member's choice of words in a recent debate. This member spoke of "barnacles on the backside of progress". There is a Churchillian flavor of originality in that expression; but it must have offended the sensibilities of the man with the blue pencil, because what came out in Hansard the next day was a pallid cliché. "Barnacles on the backside" was turned into "brakes on the wheels", a hackneyed metaphor which contained nothing like the vigor of the original phrase.

A Canadian Press report about the switch of metaphors attributed it to "the alchemy of Commons decorum". Decorum be hanged! It was a piece of impertinence on the part of an excessively genteel arbiter of what is fit for the pages of the House records. If he had had the nerve to do anything like that with one of Sir Winston's forceful and earthy expressions, what a scorching that would have provoked! And if Mr. Speaker didn't find "backside" offensive to the dignity of the House, what business had anyone else to put into a member's mouth words that he hadn't used and which took all the sting out of his comment?

## "Hang the editor"

(Canadian Statesman, Bowmanville)

Frequently words of wisdom, bright comments and sound reasoning spring from the pens of the philosophers, on the thousands of small papers printed in North America.

Recently D. S. Markham, editor of the *Broadhead* (Wis.) Independent Review, wrote:

"I don't know how newspapers got into the world, and I don't think God does, for they aren't mentioned in the Bible. Maybe the editor was one of the fallen angels, for he seems to fall for about everything people tell him.

"If the editor makes a mistake, folks say he ought to be hung; if a lawyer makes a mistake, he appeals the case; when a doctor makes a mistake they say nothing because they don't know Latin and they couldn't read his writing if they did.

"A doctor can use a word a mile long, and it won't make any difference if he knows what it means, for folks will think he's educated, while an editor has to be able to spell any word he uses. If

## To wok and tok

(From the *Victoria Colonist*)

For a long time we had been wondering what had become of the "aw" sound that used to be heard in words ending with "ought" or "alk". Many ugly pronunciations have crept into Canadian speech through the medium of radio, but perhaps nowhere is the change more marked than in words of this group. There are to be "toks at the summit" instead of talks. Someone "woks" in the park and another is spoken of as having "tot" in school.

Well, from patient listening to the murdering of speech that occurs daily on the radio we are able but not happy to report that the "aw" sound

has not been lost altogether; merely transferred to another group of words where it has no right to be. It is to be heard instead in some of those words ending with "ome." One now buys a "hawn" instead of a home, and so on.

Whether or not the announcers are primarily to blame, unpleasant things have been done to the English language since the advent of radio broadcasting. It is hard enough to persuade children to speak properly; much harder when they are exposed to constant mispronunciation over radio and television. A course in diction should be a prerequisite for a job at the microphone, especially under a system of control which is supposed to emphasize the educational value of radio.

## rpms column

What goes on?

For six months now I have been wondering just what goes on at that rock cut just north of Summerland. As far as I can see there has been little progress made for the past two or three months.

The job, by modern standards, certainly is not a large one, although it is a cut through solid rock. It should have been cleaned up weeks ago.

I've driven past that spot probably a dozen times in the past three months and I cannot recall ever having seen a man or machine working at the cut.

I have no idea what organization has the contract but it is doing a fine job of giving the public cause for wonder. That particular corner has been a "mess" since construction of the new section started (last September wasn't it?) and during the past many weeks has almost approached the dangerous.

There would seem to be no earthly reason why some equipment could not be thrown in there and the whole thing cleaned up very quickly.

If the remainder of the highway is to be built at this speed, it'll be ready about the time Kelowna celebrates its centennial.

r p m

Some shirts

Some shirts deserve to be lost. I am thinking particularly of those shirts worn by people who purchase stocks over the telephone.

In the United States for the past few years there has been some concern about the smart citizens of that good country being taken for a ride by smarter telephone salesmen operating from Toronto and Montreal. It seems that these smart salesmen sit at the telephone all day long—dancing a sucker list in the United States. And they sell a whole caboodle of stock in worthless ventures.

If I remember rightly Ontario four or five years ago did something to stop the practice there and now the centre of the operations has been moved to Montreal. The principal operators are Americans, I believe, although I haven't a doubt there are some Canadians who can talk fast enough to take an easy buck from the American suckers.

Suckers. There can be no other name for a person who buys an unknown stock from an unknown person in a foreign country talking over several hundreds of miles of telephone.

It is an intriguing picture. Simple, honest and innocent Americans being gyped and bamboozled by slick, worldly Canadians. That, we fear, we cannot buy.

While we certainly do not condone the slippery Montreal operators, we cannot feel very sorry for these honest, innocent Americans, who have been taken to the cleaners. There is no law which could be devised which would protect such suckers from their own folly. They deserve to lose their shirts.

## Mixed freight

By G. E. MORTIMORE

You get a false idea of history from reading books. At one time I was so simple-minded that I thought King Arthur and his knights were Englishmen.

It took a Hollywood moving picture to set me right in my thinking. Now I know that the boys of the Round Table were Americans.

In my mind I am beginning to populate all history with American faces and voices.

I have seen Americans clattering down the streets of ancient Rome and padding through Sherwood Forest. Furthermore, they seemed to be the same Americans, transmuted from one epoch to another by some dismal process of reincarnation.

Being a resident of North America myself, I have no prejudice against the dialects of the United States. Some of them are similar to English as we speak it in Canada. But it took me a little while to get used to hearing Napoleon, Sir Lancelot and Marco Polo speak with a Yankee twang.

It isn't only a matter of language. The way the people behave, their attitude to life, is wholly American. It wouldn't be surprising to see the knights plunk down a deck of cards on the Round Table, and start a poker game.

People in the stories of long ago behave in conformity to the moral code of Main Street. This may be a good guide to conduct now, but it seems a little odd in the rough days of antiquity, until you get used to it.

Not content with being the greatest power in the free world, our giant ally is laying claim to all of time as well. No doubt the Russians are doing it too.

Already there is a comic strip in which the central character is a likeable oaf from the dawn of the world, who travels through the centuries in a time-machine and meets American-speaking people everywhere.

When time-travel becomes a re-

"I Got A Job Yanking Flies, Down At The Pub And Pop Parlor In Supposed To Draw The Pigeon Trade."

## Canadian trade fair opens its doors

Two men whose names are synonymous with trade in their respective countries are shown at the Canadian International Trade and Commerce Fair opened at Exhibition Park, Toronto. They are Dr. Ludwig Erhard, right, German trade minister, who officially opened the big fair, and Rt. Hon. C. D. Howe, Canada's minister of trade and commerce. Forty-four countries are displaying their wares at the fair, but more than 50 per cent of the goods being shown are Canadian-made.

## Frank Bishop again heads Little Theatre

Frank Bishop was re-elected president of Kelowna Little Theatre at the annual meeting held last week. Also re-elected were Caroline Leckie, secretary, Douglas Pinfold, treasurer, and directors Edna Rabone and Edric Oswald.

Serving on the new executive as first vice-president is A. K. Loyd with Roy Lobb as second vice-president. New directors are Ron Irwin and Tom McLaughlin.

Kelowna Little Theatre directors report an active and successful year. Besides the responsibility of producing a regatta show, the theatre group presented a special anniversary show on Jubilee day. Four three-act plays were staged during the year and KLT participated in both the Kelowna and District drama festivals.

Financial statement was presented to the meeting by treasurer Doug Pinfold revealing an excess of revenue over expenditure for year of \$929.57, although it was disclosed that cash reserves were somewhat depleted. This was due to the expenditure of \$1,780 in additions to buildings and new lighting equipment.

Discussion was general with regard to next season's program. Major project this summer is the production of the evening show, second night of this year's regatta.

TRACTOR DEATH

NOKOMIS, Sask.—Ben Appel, a young farmer of nearby Esk, was killed when a tractor toppled over, pinning him underneath. The tractor he was driving became stuck in mud and he was using a smaller machine to pull it out when the weight of the larger machine tipped over the small tractor.

ally, Russian and American forces may fight for possession of past ages. It will be strange to see a Yankee Napoleon and a rival Slav Napoleon locked in a grim duel, while the real one stands watching with his arm under his coat.

## Congratulations!

★

The teachers of the province say "Good Luck and a Bright Future" to the high school graduates of this district!

These youngsters have been equipped with educational "know-how"... whether they stay on the farm or go into business or industry.

B.C. education is a flexible, ever-changing process, which has kept pace with the growth and development of Canada and the province.

We are proud of the product leaving our schools. British Columbia's future is in good hands.

## IN THE GOOD OLD DAYS

January - June, 1913

Early in 1913 the Kelowna ratepayers soundly defeated in a plebiscite every one of four suggestions for exchange of property which would involve the mooted hotel at the park entrance—The city and the telephone company were still at loggerheads—There was ice on the lake in January—a tri-weekly mail service to the Mission was established and \$20,000 was included in the Federal estimates for a federal building here—Daylight saving-time was again advocated and the Board of Trade suggestion for a \$5,000 grant for publicity was approved at a public meeting—Okanagan United Growers formed for selling fruit—Mosquito control advocated and the first parcel delivery by motor vehicle instituted—H. G. Blakeborough and J. Harvey fired from city staff—Lawson's left city—auto speeders fined.

The following is a condensation of the period as reported in the files of the Kelowna Courier. The Jubilee issue covered to the end of 1909 and it is the intention—if there proves to be any reader interest—to follow through to cover several more years.

## January

A letter was received from Hon. H. G. Young, provincial secretary, stating that the resolution passed by the city council respecting an amendment to the Okanagan Telephone Company's charter, stated that the resolution would be brought to the attention of the private bills committee and it was suggested that a delegation from

interior points appear at the hearing. The council decided to prepare the case of the city in good time and to co-operate with neighboring municipalities with the object of sending a delegation down to Victoria if possible.

## PARK AND HOTEL

A resolution was received from the secretary of the board of trade asking the city to apply at the next meeting of the legislature for permission, in the form of a bill, to enable the city to sell or exchange certain parts of the City Park to a company, which had for its purpose "the erection of a hotel, fully licensed, and containing all conveniences called for by high-class trade, either in exchange for other lands, or by purchase, lease or agreement of sale." After considerable discussion the following motion was read and carried: "That the following questions be submitted to the electorate at the time of the municipal elections for mayor and aldermen:

1. Are you in favor of a hotel being erected on the property of the People's Trust Co., at the entrance to the Park?
2. Are you in favor of the city exchanging for the triangular piece of land, now held as a possible hotel site, an equal amount of land in a rectangular form?
3. Are you in favor of the city selling a portion of the City Park for hotel purposes?

The council considered that if a favorable opinion was obtained on the above questions on election day then a bylaw to hold a regular plebiscite could be passed. Such a bylaw if sustained by the electors, might have a considerable weight with the provincial authorities when the matter came to their consideration.

The first show to be held by the Kelowna Poultry and Pet Stock Association was a decided success in respect to the number and quality of the birds shown. The birds were said to be of a high class throughout and W. Edwards of Victoria, who did the judging, declared that some of them were good enough to exhibit at the Provincial Show at Victoria. The contest for the special prize for the best male bird in the show, presented by Thos. Lawson Ltd., proved to be very keen. The candidates were finally weeded out to three birds, a Rhode Island Red, a White Orpington and a White Leghorn. The birds were placed on top of their coops and, amusingly enough, the two white rivals seemed ready to settle the contest in mortal combat. Before any action could take place the judge interfered and the prize was awarded to the White Leghorn, the aggressor in the melee.

E. C. Weddell, familiarly known as "Bud," passed with flying colors his final examinations as a barrister and collector and was called to the Bar of British Columbia on Monday. Son of Mr. E. Weddell, the young barrister, who was only 22 years of age, came to Kelowna as an infant and was regarded almost as a native son.

According to the president, J. J.

Warren, the Kettle Valley Railway would be completed to the Fraser bridge at, or near, Hope where junction was to be made with the main line of the Canadian Pacific, by the autumn of 1914.

The annual report of Chief of Police Sutherland was read, showing a total of 216 cases, with resultant fines of \$1217. About 170 cases were of the "d. and d." variety. The expenses for meals for prisoners totalled \$270. The total sum collected for trade licences was \$1490. The road taxes netted \$710 and the dog taxes \$240. The amount for theatre licences was the same as the preceding year, \$100.

The following were elected at the municipal election: Mayor, J. W. Jones; by acclamation (E. R. Bailey withdrew); Aldermen, S. C. Cosens, D. W. Sutherland, R. A. Copeland, J. N. Thompson, W. B. M. Calder, F. A. Taylor; School Trustees, W. R. Trench, J. A. Bigger, J. B. Knowles.

## DON'T TOUCH THE PARK!

The hotel plebiscite results: Question 1, Yes 56, No 122; Question 2, Yes 61, No 115; Question 3, Yes 48, No 129.

Officers elected at the annual board of trade meeting: president, A. W. Bowser; vice-president, S. T. Elliott; secretary, G. A. Fisher. The Executive Council of the Board were, Messrs. DuMoulin, Coates, Jones, Leckie, Williams, Rattenbury, Adams and Pooley.

## CITY FIGURES

Comparative figures were given at the annual municipal meeting as indicative of the city's growth:

	Assessment	Taxation
1906	\$ 353,710	16 1/2
1907	529,965	15
1908	905,015	16 1/2
1909	1,048,610	27 1/2
1910	1,376,963	19 1/2
1911	1,413,590	19 1/2
1912	1,320,425	18 1/2
1913	1,679,117	50
Taxes	\$ 1,000	\$ 9,500
	4,871	49,500
	6,994	69,000
	12,560	125,000
	22,807	148,500
	22,281	122,500
	45,820	314,500
	429,783	1,411,100

(Total revenue, \$1,213,076).

## TELEPHONE TROUBLES

The city council appeared before the council in reference to the "boycott" being waged against the government telephone service by the Okanagan Telephone Co. He stated that the company refused to give connections in Vernon to users of the government system at this end of the line. The rates were also being raised to an exorbitant extent; for instance, the government rate from Penticton to Vernon was 15 cents compared to 60 cents charged by the company for the same service. The latest action of the telephone company was deemed to be material for strengthening the case against the granting of further powers to the Okanagan Telephone Co., by amending their charter which amendment the company was then seeking.

## HOSPITAL'S YEAR

At the annual meeting of the Kelowna hospital society the following officers were elected: president, D. W. Sutherland; vice-president, P. DuMoulin; treasurer, M. G. Gorie; secretary, G. A. Fisher. Messrs. Gorie and N. D. McTavish were chosen as members of the executive in addition to the officers. The statistical report for the year of 1912 showed the number of patients treated as 220, charges to patients \$8,375, number of operations 62, number of typhoid cases from the city 2 and from the country 4. Regarding the proposed maternity ward it was stated that the directors had obtained plans but it had been necessary to lay over the work for a time owing to lack of funds. However, a promise had

been received from the government of dollar for dollar raised locally for the building which would cost about \$5,000 or \$6,000. The society had \$1,000 on hand in the savings bank, which would be used to the work and the directors also hoped to save the government grant for building purposes. The directors were authorized to proceed with the erection of the proposed maternity ward with all possible dispatch.

## February

The People's Trust Co., which owned for a time the lot in the north-east corner of the intersection on which it was proposed to erect a hotel, went into voluntary liquidation. It was announced that the creditors would have their claims settled dollar for dollar and that the shareholders would fare almost equally well. Evidently the affairs of the company had been in bad shape for some time and it was decided to go into voluntary liquidation in order to protect the interests of the creditors and shareholders.

The large revenue, collected through the local office of the customs during the past year, \$21,915.99, amply justified its establishment.

In the estimates for 1913-14 submitted to the House of Commons a figure of \$20,000 appears for a public building for Kelowna. It was noted that Grand Forks, with a population of 1877 as against Kelowna's 1063—the figures are those of the 1911 census—got an appropriation of \$35,000 for a public building, while Merritt with 703 got the same sum as Kelowna. Golden, which was not an incorporated city and did not figure in the census bulletin got \$25,000. Comment: "Looks as though our local Conservative Association lacks the 'punch' of similar bodies elsewhere."

The annual report of the Kelowna Volunteer Fire Brigade showed that 12 alarms had been turned in but that only three of those had called for "real hard work." The total fire loss was \$4,025 as compared with \$11,800 in 1911. Officers of the brigade for 1913 were: Chief, Max Jenkins; Deputy Chief, John McMillan; Capt. No. 1, Claude Newby; Capt. No. 2, Frank Bird; Lieut. No. 1, W. G. Wilson; Lieut. No. 2, Harry Brown.

The very unusual spectacle was witnessed on Tuesday morning of a thin sheet of ice over the whole surface of the lake, the effect of a succession of cold stiff nights. A stiff breeze came up from the south that evening and the ice melted away. The sight made old-timers reminiscent and they wagged their heads wisely and talked of February 1893, the winter that was very cold the world over, when the lake was frozen over for weeks and sleighs crossed the narrow path of ice.

The City Council appointed Mr. P. Dunn as permanent assessor and collector for the city. It was felt that Mr. Dunn would be able to assist in the office in his spare time as usual and his department would be under the control of the city clerk who, in turn, would be directly responsible to the council. F. B. Royle was appointed to fill the vacancy left by Mr. Dunn's promotion at the salary of \$90 a month.

## VICTORIA DELEGATION

Ald. Taylor, who went to Victoria as a delegate with others from the district to protest against the proposed amendments to the Okanagan Telephone Co., made a brief report on his trip. They had interviewed Hon. Price Ellison, Mr. Shattford, Mr. Tisdall and others of the legislature and, while no decision had been made before Ald. Taylor's return to Kelowna, he believed that a good case had been made against the arguments advanced by the representatives of the telephone company.

## MISSION MAIL

The board of trade received word from the deputy postmaster general that in regard to their request for a daily mail service between Kelowna and Okanagan Mission, tenders were being called for a tri-weekly service.

## DAYLIGHT SAVING

The board of trade endorsed the proposal to advance the present standard of time one hour from May to September inclusive. Some opposition was expressed by a few members on the ground that the working man objected strongly to any advance of the time, which would take an hour off the time for sleep in the cool of the morning. The farmers seemed to object also to getting up an hour earlier merely for the benefit of "a few clerks and sports." Nonetheless, the resolution carried although several members abstained from voting.

Always W. Weddell, who has been in his position as assistant in the local customs office to which he was recently appointed.

Those whose occupations or place of residence required them to walk past the cannery, along the lakeshore trail to Manhattan Beach, were beginning to notice the abominable effluvia arising from the decayed waste matter drained to the beach from the cannery last summer. It was hoped that better arrangements would be made the coming year for disposing of the waste from the big plant, both for the health and comfort of the nearby residents and to keep pure the city's water supply.

## March

Ald. Sutherland informed the council that the old "Frisco" hand pumper was being negotiated for by some of the Panama Exposition people, who wished to acquire it owing to its historic interest. It was one of the first used in San Francisco, afterwards being bought by New Westminster, then by Vernon and finally by Kelowna.

A measure passed at the close of the recent session of the Legislative Assembly cancelled all of the voters' lists in the province and application for registration had to be made before Monday, April 7, otherwise all persons failing to so apply would be omitted from the new lists. It was noted that this applied to every voter hitherto enrolled, no matter how many years

he may have been resident in the province. Those who had made recent application would have to do so again. It was urged that every British subject qualified to register should do so as the number of names on the voters' list would have an important bearing on the redistribution of the constituency.

The Board of Trade unanimously adopted a report in favor of the Okanagan Mission-Naramata road. It had been roughly estimated that the road to be twelve feet in width could be built at a total cost of \$70,000.

The Board of Trade made application to the council for a publicity grant of \$5,000. After much discussion a motion was passed that a public meeting be called on March 20th for the purpose of discussing the grant. It was also moved and carried that a plebiscite be taken on the matter and a poll be opened on March 22 from 9:00 a.m. to 7:00 p.m.

The plebiscite held on the publicity grant on Saturday resulted in a majority for the proposal the figures being 68 for and 46 against. The result of the plebiscite did not bind the council in any way but it was understood that they would comply with the expressed wishes of the ratepayers. The amount would be raised by taxation necessitating the addition of about 2 mills to the usual rate.

Mr. R. H. Penkington wrote the council suggesting that steps be taken to abate the mosquito nuisance by pouring oil on the sloughs, ponds and similar breeding places. The suggestion was deemed a good one by the council and some experiments on a small scale were expected to be carried out this summer.

## April

Bob Sutherland, former heavyweight champion of Scotland and Clarence Eklund, light heavyweight champion of Manitoba, Saskatchewan and Alberta were to be matched in a wrestling bout on April 7. Pat Connolly arrived in town to be at the ringside to challenge the winner of the Sutherland-Eklund match. Mr. Connolly was then the acknowledged light heavyweight champion of the world.

Sutherland won the wrestling match. The first fall came at one hour 21 minutes with a scissor hold and the second fall in 37 minutes with the same hold. The wrestling match between Pat Connolly and Bob Sutherland was scheduled for April 21 and was to be for the light heavyweight championship of the world.

## SUTHERLAND LOST

Pat Connolly retained his title. Sutherland won the first fall with his favorite hold, the scissors, after 42 minutes of fast work. Connolly then came back to take the next two and deciding falls at 19 and 18 minutes respectively. Connolly stated that it was one of the hardest matches of his career. The write up of the fight concluded with "And so, the loser lost like a good Brit."

office was to be at Vernon and each local association would take sufficient shares to give them one vote for each 50 cars or less shipped and an additional vote for every 50 cars up to 300, the minimum to be one vote and the maximum six votes. The policy of the central selling agency was to be, as far as possible, to make all sales on f.o.b. cash basis and to make payments on account to local associations twice a month.

C. H. Jackson, certified accountant, opened up offices in the Leckie block. He was previously connected with the CPR as travelling inspector of accounts with headquarters at Vancouver.

Why only **TCP** gets the full power from High Octane Gasoline

You might expect that all you need to get the full power out of a high compression engine is high octane gasoline. Actually you need more than just high octane—you need a gasoline with a special kind of additive.

That's because the way most of us drive most of the time—short trips here and there—creates a power-wasting problem that neither engine design nor highest octane gasoline can solve by themselves.

This problem is the increased build-up of certain deposits within the combustion chambers... the principal cause of power waste.

What happens is this:

As your engine warms up, these deposits warm up, too—glow red hot. And these glowing particles act like hot coals—ignite the gasoline mixture ahead of time... before the pistons reach proper firing position. This is called pre-firing and means that power works against you instead of for you.

In addition, these same deposits have another power-wasting effect: They foul spark plugs, causing your engine to miss.

Engineers will tell you there's nothing more wasteful of power and gasoline than pre-firing and spark plug "miss."

But there is an answer—there's one high octane gasoline that gives you all the advantages of high octane without the power-crippling effects of these deposits—Shell Premium Gasoline with TCP.

TCP, the Shell-developed additive, fire-proofs the deposits so that they no longer cause pre-firing. No longer can they glow red hot and ignite the gasoline mixture. And TCP stops spark plug "miss," too. Your spark plugs do the job they are supposed to do.

Start getting the full power built into your engine. Get Shell Premium with TCP. It's the most powerful gasoline your car can use!

\*Shell's Trade-mark for this unique gasoline additive developed by Shell Research. Patent applied for.

Only Shell Premium Gasoline has both **TCP and High Octane!**

## Souvenir of atom blast heat

Burned into the wood by the terrific heat of an atomic explosion from a distance of over a mile, Staff-Sgt. Jim Taylor, Ottawa, is shown holding a name plate, souvenir of the first Canadian participation in an atomic exercise. Staff-Sgt. Taylor was with 1st Canadian Radiation Detection unit, who have recently returned from Camp Desert Rock, Las Vegas, Nevada. Each Canadian brought home a similar souvenir which were made by covering the wood with a stencil and setting them out at 2,000 yards from ground zero.

—Central Press Canadian

## Under the tower at Ottawa

By O. L. JONES, M.P.

The minister of agriculture, the Hon. James Gardiner, presented a bill to the house seeking power, to a maximum value of \$15,000 without the approval of the cabinet.

At the present time, the minister can spend up to \$10,000 for a given contract. Sums above that have to be brought before the cabinet for permission to let contracts. The opposition members from the prairies promptly took issue with the minister on the ground that he has been using the Prairie Farm Rehabilitation Act as a political machine and packing his personnel with Liberal supporters.

Don Dewar who, two years ago, had to resign his seat in Parliament, was cited as one new employee. Another Liberal ex-member of parliament who lost his seat in the last election is also now employed by the PFRA. Mr. Diefenbaker said that the PFRA is becoming a "political machine". It has become a patronage system for retired, rejected or resigned politicians. Mr. Coldwell said that it is becoming more and more a political machine directed by the minister of agriculture and there is a growing feeling in Western Canada that it is now nothing but a political machine.

Both of these speakers claimed that Mr. Gardiner had produced no evidence that there was need for the additional powers. Mr. Gardiner, on the other hand, claimed that it did not give him more power but rather that he would have the same rights now enjoyed by other ministers—that of awarding contracts without cabinet approval. He also claimed that the bill did not give him authority to make personnel appointments. Several members joined in the debate but it was another foregone conclusion when

the bill was finally approved.

Later, Mr. Gardiner produced an act that seeks to establish national standards and to regulate trade for agricultural products. This act was received with unanimous approval. It seeks to establish a standard for animals, meat, dairy products, fruit and vegetables. In fact, it would cover all agricultural products as well as furs and fur-bearing animals. Actually, the bill should work in conjunction with similar acts promulgated by the various provinces. Without the co-operation of the provinces, the act will only cover agricultural products which are moved from one province to another or exported from Canada to some other country. Such an act is long overdue and consolidates various other acts that have been indifferently operated in the last few years.

Most attention was paid to the clause dealing with meats and meat products. It was claimed that the average housewife was not in a position to tell the difference between the various grades of meat and is dependent on the honesty of the retailer. Therefore, the speakers claimed that such a person should be protected by having the brand and quality of the meat properly vouched for by government inspectors. Incidentally, fruit leaving British Columbia is already subject to this inspection and control and the same standards will also apply to competitive agricultural products being imported into the country. The main idea is to protect those producers who are producing good grades of products from being exploited by others who dispose of much lower grades in the same market. Mr. Yull, who is a butcher by trade, explained the butcher's point of view. He admitted that there is some skulduggery taking place when commercial grades of cattle are sold as blue or red brand. His advice was to choose an honest, reliable butcher or gain the ability to tell the difference between good and poor meat. This act will go a long way towards standardizing agricultural products throughout the dominion to the benefit of the producer and consumer.

Mr. Drew charged the government with waste in spending which has been the greatest single cause of inflation bringing the dollar to less than one-half its 1939 value. He pointed out that 25% of all expenditures in this country is carried by the government. The \$4½ billion expenditure in the last fiscal year was eight times the amount spent in the year preceding the Second World War. Mr. Drew claimed that there was no reason for this increase and that it could not be explained by growth in population or any other reason. He gave several startling instances where departmental spending had soared since the Second World War. He demanded that a board of enquiry be set up to investigate all government expenditures. Mr. Coldwell agreed that there has been extravagance in government spending but he maintained that parliament itself was the responsible party to check on waste and extravagance and not an outside body without responsibility to the country or to parliament.

The government this year has turned over the estimates of two or three departments to a special committee. This committee has been calling witnesses to explain the various items of that department. The department of citizenship and immigration was one that went through this expenditure committee. One speaker suggested that every department of government should have its estimates processed through one of the standing committees.

Dr. McCann has not yet given his expected explanation to the House of how he gained information in the Dempsey case. On the order paper there are several questions asking for an explanation but, so far, the minister has evad-

ed giving the answer and possibly will continue to do so until his estimates are before the house when such questions can be properly asked and the minister would be compelled to give an answer. Some of the members feel that the debate on this particular topic will be delayed until after the Ontario Provincial Election which takes place on June 9. It is rumored that the two ministers who now hold directorships in companies that may carry on business with the government are contemplating withdrawing from this disputed post.

The setting up of the proposed Canada council is still up in the air. This council was recommended in the Massey Report which has been, more or less, accepted by the government. One of the provisions of the recommendation was to set up a Canada council which would take under its wing the various branches of arts and science. This committee will, no doubt, be established before very long as the government members have already expressed themselves in favor of such a council.

### INDIAN POPULATION

PORT ARTHUR, Ont.—Indian agent Gerrie Burk, soon to retire after 32 years' service, said the Indian population of Canada is growing and now stands at 130,000. He said one reason is the reduction of tuberculosis among the tribes, formerly suspicious of treatment.

### PRISON LEAVES

WINNIPEG—A recommendation that good conduct prisoners be given a 48-hour pass every three months was among reforms proposed in the report of a three-man commission investigating Headingly Jail. The commission was set up following a jail riot last December.

## The Victoria merry-go-round

By JAMES K. NESBITT

VICTORIA—Last week this column journeyed to Courtenay, midway up the east coast of Vancouver Island, to see Premier Bennett open a new development of the publicly-owned, government-controlled B.C. Power Commission, of which he's the boss as long as he's premier.

The premier is the last word in polished studied charm and suavity on such public occasions. He's meticulously dressed—always a snow-white handkerchief peeking from his left breast pocket, his black hair so slicked back that it's difficult to detect the few white ones. When he flashes one of his smiles, the ladies find the premier quite irresistible, and even the men admit he has a way with him.

Mr. Bennett—as other premiers before him—drives to such formal public events in a government limousine. He uses a 1952 seven-passenger Chrysler, a liveried chauffeur at the wheel, a glass partition dividing the back seat from the front. The premier only puts the partition up when he's discussing politics with the one beside him, usually his executive secretary, R. B. Worley, a stickler for etiquette and protocol.

The limousine has miniature flag-staffs of metal on each front mud-guard, and from them flutter pennants embossed with the British Columbia coat-of-arms. Its quite a handsome equipage, and you can't help but notice it as it streaks along, never, never breaking the speed limits set by the government. When you see that big black limousine you know a VIP is en route from somewhere or other. Mr. Bennett—like any premier—is not shy

when it comes to the public staring at him.

This column was so rude as to peek into this limousine the other day. The premier wasn't in it. There, on the front seat, was a famous briefcase that caused some turmoil a year or so after Mr. Bennett became premier. He appeared one day, you may remember, carrying a blue leather briefcase with "the Prime Minister" in letters of gold on it. This started a great howl for a time, then he let it be known the briefcase wasn't new—but that, in rummaging through some lockers in the premier's office, he found it and thought it should be used, in the interests of economy. It turned out it was a briefcase ordered by one of Mr. Bennett's Liberal predecessors—likely Mr. Patullo, who liked to call himself the prime minister.

### OFFICIAL FUNCTION

The local legislative representative at such a function, as that which took place at Courtenay is always an important dignitary the light shining full upon him, or a sort of a fifth wheel on the cart, depending on whether or not he supports the government.

In Courtenay the local MLA is CCF Mr. William Moore. The premier and Mr. Moore, who argue in the legislature, and snap at each other on the hustings, were affable enough, one to the other. But some body or other took good care to see that Mr. Moore should not be under the spotlight. He was not invited to stand on the platform with the premier. He mingled with the crowd. Had he been a Social Creditor he would have been stand-

ing beside the premier. Mind you, this is not peculiar to S.C.'ers; it's the way of politics.

At the banquet which followed the opening, however, Mr. Moore was allowed to shine a little bit. He was at the head table, way down at the end. He was not asked to stand and take a bow, and the premier made quite a show of applauding young Mr. Moore.

A premier—any premier—always makes more fuss over an MLA cut from his own political cloth than from cloth of political colors a premier can't stand.

If Mr. Moore had been an S.C.'er, the premier would have mentioned him, said that it was his fine work that helped accomplish the new power development. This, you see, is a premier's way of putting in a plug for one of his own supporters, so that folks remember him favorably when polling day comes, as come it must.

Practical application of scientific christianity is building a mighty bulwark for individual, national and universal liberty, the Christian Science board of directors told a gathering of some 7500 Christian Scientists at the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., last Monday.

Church members from all over the world—Australia, Africa, Switzerland, Germany, Great Britain, Sweden, Japan and other distant points as well as Canada and the United States—came to Boston for

the meeting which has been held annually for more than a half century. Smaller meetings on specialized subjects convene on days following the main session.

New president of The Mother Church for the coming year is Mrs. Gertrude W. Eismann of Boston. In her keynote address Mrs. Eismann stressed the tremendous good which the churches can do to help mankind cope with contemporary problems and to establish the effectiveness of healing.

Normally it takes at least sixty years to grow a spruce forest.

Forest industries account for 17 per cent of Canada's manufacturing production.

# SHOWDOWN VS. FACTS

Get all the **FACTS**  
—and you'll want a Chevrolet!

Popularity	Chevrolet has sold more cars than any other name in the industry. And again this year, Chevrolet is easily out-selling its nearest rival, proving that Canadians overwhelmingly believe Chevrolet to be the best all-around buy.
Economy	Unequaled fuel economy is just one result of the completely redesigned Chevrolet engines. Higher compression ratios, better fuel mixture, less engine friction put Chevrolet ahead of all competition for low running costs.
Lower Upkeep	Any good mechanic will tell you about Chevrolet's amazing new ease of maintenance. Service on a Chevrolet takes less time — and less time means lower service charges.
Higher Trade-in Value	Your Chevrolet retains its high value longer than any other low-priced car. When you come to trade you'll enjoy an extra bonus value in a higher trade-in allowance.
Acceleration	No low-priced car compares with Chevrolet for acceleration — for lightning response. Under normal conditions, Chevrolet pulls away 12% faster than its nearest competitor!
V8 or 6 Power	Only Chevrolet gives you the choice of a mighty V8 or 6 on all models with all transmissions. Both are valve-in-head, ultra-high compression engines that put magnificent new response and economy at the command of the Chevrolet driver.

Only Chevrolet offers you the choice of a **V8 or 6** in All models and All series

A GENERAL MOTORS VALUE

# SHOWROOM TALK

What others promise in the showroom, CHEVROLET delivers on the road

**KNOW** all the facts  
—and you'll buy a Chevrolet!

Body	No body has proved more durable, more weatherproof or more rust-proof than Chevrolet's famous Body by Fisher. Its good looks last longer — bolstering your pride in your car, and maintaining the trade-in price through the years.
Roominess	Take your own measuring tape and measure. You'll find that Chevrolet has the roomiest interior of the low-priced three — yet is the most compact on the outside.
Safety	Chevrolet gives the most positive protection in its field. You're guarded thoroughly with a sturdy roof bow, double wall all-round sturdier construction, and a brand new arch-style cowl, plus Chevrolet's
Steering	Chevrolet has the smallest turning circle in the low-priced three — and with a new steering system, Chevrolet's standard steering is unsurpassed for easy, sure control.
Comfort	Chevrolet gives the smoothest, quietest ride in its field — without jouncing, shaking or tossing. And you get this comfort with no sacrifice in the control of the car.
Roadability	Find out for yourself how Chevrolet handles. Drive it yourself and you'll agree that no low-priced car ever eliminated driver strain and fatigue as this motorized Chevrolet.
Brakes	Chevrolet's Jumbo-Drum brakes work in conjunction with a sure stops from any speed.
Valve-in-head	Chevrolet has built more valve-in-head engines than all other makers combined. After 40 years, it stands to reason that Chevrolet produces the most efficient valve-in-head system in the industry.
Automatic Features	Just name the power options you want on a car — and Chevrolet will give them to you. Chevrolet has every automatic feature that's available on even the highest-priced car lines.

To a greater extent than ever before, Chevrolet leads in **POPULARITY—VALUE—SALES**

## Blossom tea at Winfield successful

WINFIELD—The Women's Association of the United Church held a blossom tea in the basement of the church last week. The tables were tastefully decorated with a posy of flowers centering each one while the stalls were laden with things to sell.

In charge of the needlework stall were Mrs. L. Clements and Mrs. A. Arnold; looking after the home cooking stall were Mrs. L. Stowe and Mrs. C. Christian; Mrs. J. McCoubrey was in charge of the candy stall.

Mrs. Sherritt convened the tea. Following sums were raised: needlework \$42.00; home cooking, \$18; tea \$18, for a total of \$78.00.

**ALBERTA VISITOR**... Mrs. Hector Morrison, Delta, Alberta, spent a week recently visiting at the home of Mr. and Mrs. J. F. James, 511 Rosemead Ave.

**EXTENDED VISIT**... Mr. and Mrs. Frank Day, accompanied by their daughter, Mrs. Arthur Burtch, motored to Vancouver recently where Mrs. Day boarded TCA for eastern Canada where she made connections with BOAC flying to Arnold, looking after the home cooking stall were Mrs. L. Stowe and Mrs. C. Christian; Mrs. J. McCoubrey was in charge of the candy stall.

## Tulips bloom in St. Laurent garden

Tulips have grown in the gardens of 24 Sussex St. in Ottawa since it was opened as the home of Canada's prime ministers. Some of the finest displays of tulips in the capital are displayed there and here Prime Minister and Mrs. St. Laurent stand beside one of the handsome borders.

—Central Press Canadian

## Winfield

WINFIELD—Mrs. R. P. White has returned home from the Kelowna General Hospital where she has been a patient for some time.

The arthritic campaign closed at the end of the month after a successful drive, the sum of \$182 being collected. Reg Moody was in charge of the campaign.

Rev. Father Jansen's 40th anniversary of his ordination was observed on Sunday May 29, and open house was held for him at the home of Mr. and Mrs. O. Herbert on the Vernon Road, at which time the congregation of the Oyama and Winfield Church presented him with a small purse.

Paul Holitzki and two friends, L. Wickenheiser and T. Perarducci were week-end guests at the home of Mr. and Mrs. F. Holitzki.

**MOVE TO BELG**... Mr. and Mrs. Arthur Burtch will take up residence at Joe Casorso's place in the Belg for the next four months.

## Saturday morning art students display Couple observe drawings and paintings at local library wedding anniversary

Exhibit of drawings and paintings on display in the board room of the Okanagan Union Library until June 16 consists of work of the pupils of Mrs. A. M. Grigsby, Oyama. Bulk of the exhibits is the work of children from six to sixteen years old who have been attending the Saturday morning classes held at Jamieson Art and Hobbycraft Store.

One wall of the board room holds samples of work done by members of the adult beginners "Painting for Pleasure" night-school class held during the past winter and spring at the Senior High School.

Work represented may not be great art but it does portray a sincere effort to give vent to artistic feelings.

Night school students have fully observed that much of the children's work is more skillfully executed than that of the adults. Since the children's work is full of spontaneous imagination that most people almost lose entirely upon reaching adulthood.

**NEW EXPERIENCE** Some of these young artists have been drawing constantly for years—some of them from the age of two years while for most of the adults, ranging in age from seventeen to seventy, it had been a long time since they had taken pencil or brush in hand with artistic intent. For some it was an entirely new experience.

With adult responsibilities which carry with it the lack of time, unawareness of need for artistic expression, any natural talents they may have had were buried too deeply to be uncovered instantaneously.

It is understandable that these people were diffident about displaying their work, especially as it is contrasted with the excellent work the children have done. Nevertheless, they feel that their work will be enjoyed by the sympathetic observer and may encourage other reserved but interested folk to try their hand at wielding a paint brush or pastel crayon for personal pleasure if for no other reason.

Mrs. Grigsby is a skillful teacher of the basic principles of drawing and painting and most sympathetic in handling individual problems as they arise.

Mr. and Mrs. J. Sharples, 1265 Richter St., are today quietly celebrating their 52nd wedding anniversary.

Mr. and Mrs. Sharples were married in England and came to Canada over forty years ago. They have lived in Kelowna two years, coming here from Vancouver. They have two sons, Richard Sharples, 4029 Forest St., South Burnaby and John of Quenel, and one daughter, Mrs. Joe (Margaret) Lemieux, Kamloops Junction. They also have five grandchildren.

**RETURNS HOME**... Mrs. F. M. Munson, Oxford Avenue, has returned from Smithers after a visit of several weeks with her son and daughter-in-law, Mr. and Mrs. Claude Munson and their two small sons, Christopher and Kevin.

Keeping callers waiting...

- Keeping callers waiting is a thing of the past for people who now enjoy the inexpensive, added convenience of an extension telephone—for no matter where they happen to be, in their home or place of business, they're always handier to the phone when people call...
- These people are now finding that the saving in previously lost calls alone is well worth the small additional cost of their extension service!

Okanagan Telephone Company

## Nickel-Mehls wedding rites performed at Jehovah's Witnesses Kingdom Hall

A wedding of wide interest in Kelowna and Vernon took place on June 4 at 2:00 p.m., in the Kelowna Kingdom Hall of Jehovah's Witnesses where approximately 200 relatives and friends gathered to witness the marriage of Florence, daughter of Mr. and Mrs. William Mehls, of Kelowna, to Peter Nickel, of Winfield, son of Mrs. Barbara Nickel and the late Cornelius Nickel, of Herbert, Sask.

The bride, given in marriage by her father, chose a gown of white satin and nylon tulle with lace bodice. Her fingertip veil was held in place by a becoming headpiece of satin and lace and she carried a beautiful bouquet in soft shades of yellow, gold and brown.

The attendants of the bridal couple were Miss Norma Wheeler, of Kamloops, and Albert Myers, of Oyama. Miss Wheeler wore a dress of pale blue tulle and nylon with matching headpiece and she carried spring flowers in tone. V. R. Duncombe, representative of the Watch Tower Society, performed the ceremony. He showed how marriage was of divine origin, being a three-fold arrangement between the marriage partners and Jehovah God. It was, therefore, a serious and sacred union and each lived up to the requirements of happiness and God's blessing would result.

During the signing of the register Mrs. J. Beniteau sang "I Love You Truly." Following the ceremony the garden at the home of the bride's parents provided a beautiful setting for the reception of relatives and some friends, but that evening Mr. and Mrs. Nickel received the large number of guests who attended the wedding at the Cedar Ball Room.

Out of town guests included Mrs. Barbara Nickel from Herbert, Saskatchewan, two brothers of the groom, David and Jack from Calgary, and Mrs. C. C. Nickel of Swift Current.

After a wedding trip, which will include attending the international assembly of Jehovah's witnesses at Vancouver and also Los Angeles, the couple will reside in Vernon.

## Aquatic women plan to purchase piano; auxiliary has been requested to sponsor lady-of-lake pageant at 1955 regatta

Ladies' Auxiliary to Kelowna Aquatic Association will purchase a new piano for the aquatic pavilion. Instrument was decided at a meeting Monday evening. Two new members were introduced to meeting. Harold Long, president of aquatic association, approached the ladies regarding the possibility of the auxiliary sponsoring Lady-of-the-Lake pageant.

Aquatic auxiliary voted unanimously in favor of purchasing a new and urged the ladies to take over piano. Instrument is one which is the responsibility of the Lady-of-the-Lake pageant. Since there are presently owned by Mrs. A. I. the-Lake pageant. Since there are Dawson, Burne Ave., and has been many angles to be considered, it recommended to the auxiliary by Mrs. A. P. fliers should delve into the matter. Perkins and Miss June Burnmaster, and report to the next meeting on after the piano had been carefully the possibilities of sponsoring the inspected by Dr. I. A. N. Beadle, show.

Old piano will be kept in the lounge. Next meeting is scheduled for any private parties which may Monday evening at 8:00 p.m. in the want to make use of it there.

Fashion show slated for June 22 will be held in the aquatic pavilion. Centre ramp will be set up with individual tea tables lining either side. Mrs. Alice Smith has been appointed to take committee to replace Mrs. L. Stephens.

Mrs. Syd Cook was appointed head of the billeting committee for free billets for regatta contestants. Two new members were introduced to the meeting, Mrs. Ian Collinson and Mrs. Dave McKeown.

**LADY-OF-THE-LAKE PAGEANT** New committee has been set up by regatta committee to coordinate all social activities connected with regatta. To this committee consisting of W. B. Hughes-Games, Mayor J. J. Ladd, Harold Long, and Mrs. R. P. Walrod, has been added Mrs. E. E. Ashley, Mrs. H. M. Trueman, and Shirley Pollard, all from the Aquatic auxiliary.

## Mother, daughter banquet held at Winfield

WINFIELD—Fifty-eight persons sat down to a mother and daughter banquet at the Winfield United Church last week. Present were the girls of the Explorer Group led by Mrs. Mallett and the CGIT group led by Mrs. J. McCoubrey. Special guests included Rev. P. H. Mallett, Mrs. H. S. Reed, Mrs. L. Chato, Mrs. A. Larson, Sunday School superintendent, Mrs. A. L. Geen of WMS and Doctor Dobson.

Lillian Harden, president of the CGIT proposed the toast to the Queen. The toast to the mothers was given by Loretta Hart and replied to by Mrs. J. Klassen. Rev. P. Mallett replied to the toast to the church given by Patty Earl.

After a brief ceremony, Mr. Mallett presented lanterns to Lillian Harden, Joyce King, Verna Foster, and Betty Graf, indicating that they are now seniors in the CGIT.

The girls shared knowledge they had gained in their mission study of India, by presenting a recitation, a movie and three dramatizations from Indian life.

Following this, they made presentations of money to the United Church Missionary Society. Mrs. Reed accepted the gift from the Explorers and presented them with a certificate of affiliation. Mrs. Geen received the CGIT gift and they received a second year seal for the certificate they received last year.

Mrs. Mallett pointed out that in addition to these two gifts the two groups have given \$70 to the church building fund this year.

The final event of the evening was a sound film strip entitled "Built upon a Rock", which tells how Christianity can help families when tense situations arise.

It was announced that the final meeting of the Explorers next month, would take the form of a party.

## Quints come into fortune by coming of age

On the occasion of their 21st birthday, May 28, four of the world's most famous sisters, the surviving Dionne quintuplets—Anne, left, Marie who has since left convent because of ill health, Yvonne and Cecile—came into a \$1,000,000 fortune. Emily, the quint whose death shocked the world 10 months ago, was, as a minor, prevented from spending the money she earned with her sisters as a child movie star and co-endorser of innumerable products. So, by law, her portion will be divided equally among the 14 members of her family including the Dionne parents and her four identical sisters. The coming of age of these girls means freedom for the first time since their birth on a farm at Callendar, Ont., from both government and parental domination.

## Peachland girl regrets she only had six days to tour city of London

(Editor's note: This is another in a series of articles written by Gail Witt, of Peachland, who was touring Europe).

London is so vast a city and is surrounded by places of such absorbing interest that it would take months to see everything. We had only six days.

Present-day London or Greater London, is the largest city in the world and is so big that it is a county in itself. I was surprised to learn that the actual "City of London" is small in size, about one square mile, and its population is only a few thousand. The "City," as the Londoners call it, is the oldest part of London; its boundaries and history going back to Roman times. Today it is a commercial region that is almost deserted at night and on Sundays. However, there are two world famous buildings in this area that have nothing to do with commerce. These are St. Paul's Cathedral and the Tower of London.

To the west of "The City" lies Westminster, where Irene and I stayed. This is the area of the royal palaces and parks, the government buildings, the theatres and the principal shopping streets.

### TOUR CITY

We decided to take a tour of London so that we wouldn't waste our precious time wandering. The tour started with the Changing of the Guard which takes place every morning at Buckingham Palace and St. James Palace. We stood and watched the ceremony in front of Buckingham Palace, the London home of our Queen. The Royal Standard was flying from the mast informing us that the Queen was in residence but alas, we didn't see her.

1658 Pendozi St. Phone 2419

Next we went to the Tower of London, one of the city's most historic monuments, dating back to the tenth century. This is the most perfect example of a medieval castle that can be found in England. William the Conqueror had it built to help him control London and to guard his river approach. It was first built within the Roman city walls but when it was enlarged some of the castle was constructed outside "The City" boundaries. The tower, many towers actually, has in the past been a fortress, a palace, and a prison. Centuries ago it was customary for each monarch to lodge in the Tower before his coronation and to ride in procession to Westminster Abbey through "The City". However, the security of the walls made it convenient for a state prison. Strangely enough the first known prisoner was a man who was largely responsible for building the fortress. The last person held in the tower was Rudolf Hess, a spy in the second World War.

The most famous tower of the fortress is the Bloody Tower where Anne Boleyn's ghost, carrying its head, walks each night. However, the tower actually acquired its name in 1597 when the little boy, King Edward V and his brother were murdered there.

Our guide showed us the spot near the Bloody Tower where many royal persons lost their heads. He showed us how they knelt to lose their heads, chopped off with an axe. However, there was one countess who wouldn't kneel so the executioners had to chase her around the courtyard and it turned out to be a rather messy affair.

### STRONG FORTRESS

The Tower, being the strongest fortress in the land has always guarded the Crown Jewels. The splendor of the jewels is indescribable. To see a ruby as big as an egg and a diamond as big as one's fist (530 carats) is hardly conceivable.

Ever since there has been a city of London there has been a St. Paul's Cathedral. Thirteen hundred years ago the original timber building unofficially marked the centre of the city. The second church dedicated to St. Paul was destroyed in the Great Fire of London in 1666. The cathedral that stands today, after miraculously escaping many bombings during the last war, was built with its magnificent dome in 1075, and took 35 years to finish completely. Lord Nelson and Florence Nightingale are among the many famous people buried in the church.

Our hotel was only a few blocks from Westminster Abbey where the Queen was crowned just two years ago. Inside the Abbey, built in the shape of a cross, we found ourselves surrounded by beautiful and historic things. No wonder this magnificent church has been the traditional setting for important and historic ceremonies.

Here, every reigning monarch from William the Conqueror, 1066, to Elizabeth II, 1953, has been crowned.

From the time the church was erected in 1065, Britain's most illustrious and heroic men have been buried here. The Abbey has kept up with history too. The tomb of the Unknown Soldier, a tribute to the warriors who died in the first World War has a special place in the church. In 1947 a chapel was dedicated to the Battle of Britain. The three hours spent in Westminster Abbey was the best history lesson I've ever had.

### WINDOW-SHOPPING

Window-shopping in London is as exciting and interesting as sight-seeing. In Europe not many mannequins are used in the show cases and it's amazing how well the dresses are displayed without them. We loved walking along Bond Street and seeing its shops that are famous the world over. To see the handwoven tweeds from Scotland, the Irish linens and Nottingham laces, Wedgewood vases and Toby jugs one must go window shopping Saturday afternoon. (The stores are closed so there will be no need to fight temptation.)

English money is confusing at

## Local library circulation figures soar

Circulation at the Okanagan Regional Library continues to soar since the library moved into its new headquarters.

During May a total of 8,404 books were distributed—1,911 non-fiction; 4,471 fiction and 2,022 juvenile—compared with 6,821 during the same month last year.

Number of new registrations totalled 99—70 adults and 29 juveniles compared with 47 during May, 1954.

Total of 14,361 people saw films during the month. The Okanagan Regional Library is the booking headquarters for the film council. There were 106 film shows and 532 films were projected.

Following is a list of latest books added to library shelves:

### NON-FICTION

Good company, Brooke; British political parties McKenzie; Action with the Seaforth, Johnson; Queen Victoria's relations, Buchanan; Priyate Kelly, Kelly; Qataban and Sheba, Phillips; The fundamentals of fruit production, Gardner and others; The Alice B. Essays in the public philosophy, Lippmann; Portugal and Madeira, Sitwell; Four guineas, a journey through West Africa, Huxley; Not in our stars, Bottomer; In search of serenity, Bodley; World problems of today, Garbett; The Cross and the Crown, Bensley; The dignity of man, Davenport; Thrift procedures and trade barriers, Elliott; The Ainsley case, Partridge; Stray feathers from a bird man's desk, Rand.

The uranium prospector's guide, Ballard and Conklin; Care and the breeding of budgies, Rogers; The art and architecture of the ancient Orient, Frankfurt; Handcraft in metalwork, Shirley; The middle temple, Godwin; The secret diary v. 2; The inside struggle, 1936-39, Ickes; The secret diary, v. 3—the lowering clouds, 1939-41, Ickes; Ahoy there! Dawson; Behold the shining mountains, MacGregor; These are the prairies, Hamilton; The rise and fall of Maya civilization, Thompson.

### FICTION

Your young teachers Chase; My Lord Essex, Eckerson; He ought to be shot, Fleming; The chief constable, Gregg; The echoing shore, Martin; The narrowing stream, Mortimer; Queen's bureau of investigation, Queen; Blitzard, Stong; The dowry, Banning; Daughters of the rectory, Bloom; Miller's Eve, Bloom; The way of my world, Brown; The night of time, Fulop-Miller; Far morning, Grierson; That was yesterday, Home; Toward, the sheep dog, Lamond; The self-betrayed, Wechsberg; Polson in the pen, Wentworth; Mark Lambert's supper, Stewart.

The thorn tree, White; The diary of an ugly duckling, Becker; The best science-fiction stories, 1954; Brothers in law, Cecil; Auntie Mame, Dennis; Death and Mr. Potter, Foley; The case of the glamorous ghost, Gardner; Sara Dane, Gaslin; The Dutch house, Gillespie; The Dutch prince, and other stories, Gray; Homer's daughter, Graves; The dagger of the pit, Hastings; The clock ticks, Houghton; The emigrants, Lammings; The red petticoat, and other stories McMahon; The moonflower, Nichols; Trails plowed under, Russell.

first but after one has learned that twelve pence make a shilling, twenty shillings make a pound and one pound equals \$2.00 everything is fine until you overhear someone saying "that cost five bob," or "the doctor's bill was ten guineas." Don't listen any more because they might go on and talk about florins and half crowns. These are respectively, a shilling, a pound, and a shilling, two shillings and two and a half shillings.

## Interior zone Gideon society holds parley

Delegates from Rossland, Trail, Grand Forks, Penticton, West Summerland, Vernon and Kelowna attended the interior zone convention of the Canadian Gideon Association held recently in Kelowna. Interested members from Chilliwack and Vancouver also attended and took part in the meeting.

Friday evening a short devotion by Gideon Ken Evans, Trail, followed registration. Saturday's sessions, with E. L. Backman, West Summerland, as chairman, included a thorough discussion on the various phases of the Gideon work—the placement of the bible in various public institutions—and the best ways in which to further and expand this service.

Visiting Gideons were taken on an auto tour around the district to see the blossoms. At 6:30 p.m. a banquet was held in the People's Mission with approximately 150 people attending. Following the musical portion of the program, George Abbott, of Vancouver, Gideon Camp addressed the gathering on the changes that have been wrought in people's lives through their contact with scriptures. He cited various cases where individuals had come across a bible, left by the Gideons, during a time of stress and trial.

### NO APPEALS MADE

Sunday, final day of convention, was taken up mainly with church services in eleven different churches with delegates taking part in the services. After luncheon served at 1:00 p.m. reports on the church services were made and following the evening service, a final gathering was held at the home of Gideon E. Oxenham for a summary discussion on the convention events.

Funds to carry on the work of the Gideons come from the Gideon members themselves and from the general public if desired but no appeals for money are made. At the few meetings which are held from time to time the work of the Gideons is explained and the results of their efforts are reviewed.

Over \$600 was received by the Kelowna Gideon Camp during the convention, through free-will offer-

## East Kelowna

EAST KELOWNA—Mr. and Mrs. Albert Bianco, of Salmon Arm, are receiving congratulations from their many friends in the district on the birth of a baby girl June 1 at the Salmon Arm General Hospital. Mrs. Bianco was the former Mary Heitzman of East Kelowna.

Mr. and Mrs. Marlow Hicks have

had as their guests, Mr. and Mrs. V. Bart and their daughter, Valerie, of Vancouver. They have since left for home.

Mr. and Mrs. R. F. Borrett have returned from Nanaimo, where they attended the graduation of their son, Alan.

Mr. and Mrs. E. E. Elvedahl and Betty left at the week-end for Loma-Linda, California, to be present at the graduation of their daughter, Doreen.

Mr. and Mrs. W. Goddard, of Fruitvale, have arrived in the district where they plan to make their home. The community wishes them

all the best in their new surroundings.

Mr. and Mrs. S. Heitzman were visitors in Salmon Arm at the week-end.

Mrs. J. Phipps spent the week-end visiting members of her family in Vernon.

Mr. and Mrs. A. F. Smith are receiving congratulations on the birth of a baby girl at the Kelowna General Hospital last week.

A third of all wealth from Canada's primary production comes from the great forests.

A balsam forest could reach merchantable size in 40 years.

## MacDonald Duck likes airman's life — won't fly away

Meet MacDonal Duck, the Reluctant Mallard. He is the mascot of the RCAF station at MacDonal, Man., and he has posed a problem to F/O Tom Winslow, who has undertaken to teach MacDonal to fly. The duck fell into the station's hangar last fall, wounded and with ice on his wings. The airman adopted him, fed him all winter and fully expected he would take to the air come spring. But not MacDonal, who obviously knows a good life when he finds it. He just won't bother flying, and Winslow, who teaches fledgling pilots to manoeuvre in the stratosphere, is trying his best to apply some of his teaching technique to his backward pupil.

—Central Press Canadian

fully produced the filthy lucre, on the old principle that "miser loves company." Without divulging any official secrets, it may be stated that the above half dozen are not the only ones and in the near future a considerable number of car drivers must expect a little blue paper on the breakfast table some morning unless they speedily amend their ways and throttle down the go-devils to a respectable ten mile an hour gait while in the city."

Friends of Mr. Blakeborough, late of the civic power station, were gratified to hear that he had secured a lucrative post at the power station at the city of Vernon.

The Board of Trade appointed a committee to look into the feasibility of the city supplying an armory site to the Dominion Government, which would undertake to construct a modern armory for the local militia on the property.

Mr. and Mrs. Lawson were bade a fond farewell by their many friends prior to leaving the city to take up residence in Victoria. It was noted that Mr. Lawson had resided in Kelowna for a period of just over 15 years, having come here from Shoal Lake, Man., in April 1888.

For the first five months of the year Kelowna building permits showed the greatest percentage of increase over the corresponding period for the previous year of any place in the Dominion, with one exception, that being London, Ont. This was a good showing for our home town especially during this time of financial stringency.

## Anglican young people elect new officers

WINFIELD—On Friday evening, June 3, the Oecola Branch of the Anglican Young People's Association held a banquet to close this season's activities. Thirty members were present. Rev. R. Brown and Rev. Snowden were special guests.

After the banquet the officers for the next season were elected: president, Albert Gibb; vice-president, Howard Hillaby; secretary-treasurer, Kenna Wynne; entertainment committee, Daryl Pretty, Albert Ruffe and Norma Hitchman.

Various games and dancing were enjoyed.

Miss Mary White, of Nelson, was a week-end visitor at the home of her parents Mr. and Mrs. R. P. White.

## Fruit industry welcomes news increase in tariff on U.S. fruit cocktail

"The best news we have received in years," remarked L. R. Stephens, secretary of the Federated Shippers' Association, on receipt of advice from Ottawa that an increase of one cent per pound in tariff on mixed fruit in cans is now in effect.

Announcement was made by finance minister Harris. Mixed fruit is commonly referred to as "fruit cocktail" and "fruits for salad".

## LONG FIGHT

Fruit industries of Ontario and B.C. have fought for four years through Canadian Horticultural Council, with co-operation of canned foods industry of Canada for a tariff on the U.S. canned fruit. For the past three years annual importation of mixed fruit in cans has approximated 30,000,000 pounds, whereas total importation of peaches, pears and apricots separately, in cans, has totalled around 5,000,000 pounds.

Prior to the Geneva Trade agreement of 1947, peaches in cans entered Canada at 3½ cents per pound and apricots and pears at three cents per pound. Mixed fruit came in under the description of "fruit in cans, not otherwise provided" at three cents per pound.

Importation of other fruits, or mixed fruits in cans was limited prior to World War II, and almost completely prohibited during the war and during the period of austerity restrictions from 1947 to 1951. Under the Geneva agreement the rate on peaches was reduced to 2½ cents per pound; apricots and pears to two cents per pound, and "fruit not otherwise provided" to one cent per pound. This change allowed fruit cocktail, containing peaches, pears, apricots, pineapple and some grapes and a small amount maraschino cherries to enter at one cent per pound or less than the amount chargeable on each of these items when packed separately.

## MELONS DUTY FREE

Under the revised tariff changes, the duty on peaches has been reduced to 2 cents per pound, while duty on watermelons of two cents each has been wiped out. This is not considered serious by the Okanagan industry as the watermelon duty is only about five per cent on an ad valorem basis.

## Benvoulin

BENVOULIN — The Benvoulin school is now glistening under a new coat of paint, which it recently received.

Mr. and Mrs. R. E. Holland have returned from a two weeks' holiday spent in Vancouver and Victoria.

Mr. and Mrs. Alex Borchwick and Mr. and Mrs. Walter Emerton from New Westminster recently visited Mr. and Mrs. A. McFarlane and family.

Mrs. Alex Reid recently entertained a number of old timers of the district in honor of Mrs. R. Archibald, of Vancouver.

Mr. and Mrs. R. Hutton and family recently moved into their new home purchased from D. Spiers.

Mr. and Mrs. Lloyd Pettit, Joyce, Roger, Ruth and Dianne, left Sunday for a months' trip to Toronto

and Eastern points.

At the final C.G.I.T. meeting of the season the following officers were chosen for the coming year. President, Maryanne Tucker; vice-president, Heather Cooper; secretary, Dianne Tecker; treasurer, Donna Nichols.

## TRY THIS GREAT COMBINATION — ALL-BRAN AND MILK

## An aid to health and regularity

Supplies the laxative food bulk of whole bran

A delicious dish that promotes comfortable elimination

The greatest advantage of Kellogg's All-Bran is that it corrects the cause of irregularity due to insufficient bulk.

Chemical or drug-type laxatives, on the other hand, are intended only for overnight relief of a temporary stoppage. That is why the facts about one of nature's great food combinations, All-Bran and milk, will not only interest you but may even surprise you.

For instance, did you know this about Kellogg's All-Bran? It is made from the outer layers of the whole-wheat kernel. Milled for maximum effectiveness, All-Bran not only supplies natural food bulk—but is also an excellent dietary source of niacin, which is necessary for the normal functioning of the body.

All-Bran is a wholesome, good-tasting dish. And it provides a safe, natural way to improve your "intestinal tone"—so necessary to comfortable regularity.

Many people enjoy All-Bran served with hot milk as well as with cold milk. But whatever your preference, be sure to get Kellogg's—the one and only All-Bran.

Kellogg's has been making and improving All-Bran for nearly 40 years. It is the original natural laxative cereal. And Kellogg's stands squarely behind it. We'll prove to you that All-Bran and milk will give you gentle, effective relief from constipation within 10 days or double your money back. That's a promise from Kellogg's—London, Ontario,

## How two fine foods can help combat irregularity:

Taken daily, half a cup of Kellogg's All-Bran with milk gives you the natural food bulk you need. It's a safe, sensible, delicious food combination for fitness and regularity.

## Stop...

## Go Refreshed

with Canterbury...the vigorous full-flavored TEA!

STOP...turn this bleak moment to cheer! Have your man go refreshed...with this uncommonly heartening tea. You'll find more spunk in Canterbury Orange Pekoe because it's a straight blend of bright orange pekoes—the finest money can buy!

Note the deep golden radiance of this exceptional tea in the cup. Then admire its spirited bouquet.

Now taste its vigor! Very likely you'll agree you can't beat the extra flavor and zip of Canterbury Orange Pekoe—at any price!

That's MY cup of TEA!

Finest quality Orange Pekoe...featured at SAFEWAY

## More About 1 In the good old days

(Continued from Page 2, Col. 7)

quarters at Montreal. Ald. Cosens reported to the council that the fire brigade was distinctly opposed to selling the old fire engine and that the offer from the proprietor of the Strand Hotel at Okanagan Landing could not be accepted.

A meeting was held at Kamloops for the purpose of organizing a baseball league for the interior of B.C. The cities forming the league were Revelstoke, Kamloops, Vernon and Kelowna.

## LIGHT REVENUE UP

During the first four months of this year the electric light revenue had increased 50 per cent over the corresponding period of 1949 and the waterworks revenue had increased at the rate of 77 per cent.

The question of giving one name to the avenue then known as Harvey Ave. and Eli Ave. was discussed by the council. The street originally ran from Abbott St. to Ellis St. was named Eli Ave. after a member of the pioneer Lequime family. Later the street had been extended to the government road and the extension was called Harvey Ave. by the firm which subdivided the property in that section. Finally the matter was postponed until a later meeting as a bylaw would have to be passed and the usual procedure gone through to make such change in street nomenclature.

A letter from the aquatic association stated that the request of the board of trade to be allowed to paint the word "Kelowna" in large letters on the association's grandstand would be agreed to if the words "aquatic association" be also painted in smaller letters. A motion was passed to have the work done.

## AUTO DELIVERY

The McKenzie Co., grocers, put on the delivery end of their fast growing business a large auto delivery wagon bought from the Kelowna Garage and Machine Works Co. Ltd. This same firm also imported two other delivery wagons which would, no doubt, be seen shortly on the streets bearing the names of two other business firms.

## CITY ENGINEER FIRED

The second and third engineers at the power house were dismissed for refusal, it was alleged, on their part to scrub the floors of that institution. The two engineers concerned, H. Blakeborough and J. Harvey, appeared before the council along with their superior, Chief Engineer Colquhoun, who had discharged them. After considerable discussion it was the opinion of the council that they did not consider that an engineer would lose any dignity by scrubbing a floor and the decision to dismiss the engineers was upheld. It was also made clear by the council that they would be very sorry to lose Mr. Blakeborough and Mr. Harvey as they had been considered very able and faithful in the performance of their duties.

## June

A report was received from the provincial analyst at Victoria stating that the Kelowna water supply was approved of as pure. In future the water would have to be analysed twice every year.

The city received about thirty applications for the vacant position as second and third engineers in the power house. The Light and Water Committee selected Mr. W. Ballantine of Victoria as the second class engineer at \$125 per month and Mr. F. B. Hirst as third class engineer at a salary of \$110 a month.

The following item appeared under the Police Court News: "On Monday morning six motorists were brought before the bench for charges of over speeding and in two cases, running without lights. They were assessed a regular fee of \$5.00 and costs, of a total of \$7.50. They all pleaded guilty and cheer-

## Canada imports Rhesus monkeys from India for polio vaccine

Seen upon their arrival in cages at airport at Malton, Ont., these Rhesus monkeys, whose kidneys are used in Salk polio vaccine, are the first to come to Canada directly from India. Worth about \$35 each, they are destined for Connaught laboratories at the University of Toronto, to be used in the production of anti-polio vaccine. In the past, the animals were imported from the U.S. a few at a time. The new plan to import them in large numbers—first shipment numbered a thousand—directly from India was drawn up at a meeting of representatives of the health, agriculture, trade and commerce and external affairs departments in a move to speed production of the Salk vaccine.

## MEANS BETTER SIZE

## Portion of cherry blossom fails to set; White crowned sparrows plague orchards

Apple, pear and cherry blossom was heavy and prolonged, although it appears that a fair portion of the cherry blossom failed to set.

This was disclosed by provincial department of agriculture in its bi-monthly report. Horticultural officials point out that where a percentage of the cherry blossom fails to set, this will ensure size in the remaining fruit.

Below-normal temperatures during the past two weeks has resulted in slow growth. Despite the cool weather however, nearly all anticipated vegetable acreage has been planted. Asparagus cutting has been slow and it appears that cutting may continue to the end of the month.

White crowned sparrows have added to the insect plague. In the Summerland-Westbank-Peachland areas, farmers report the birds have damaged plum orchards. In one orchard, an estimated 70 per cent of blossoms were nipped off. Blister mite is heavier this year on pears. Pocket gophers are numerous in orchards where open range land is nearby.

Boron deficiency die-back and failure to leaf out are common ailments this spring, particularly in young orchards. Dry conditions in September and October are believed to have aggravated this trouble.

Penticton-Naramata growers report increased deer damage and birds are nipping fruit buds. Growers have been warned to start spraying for apple scab. Peach leaf curl and apple powdery mildew are also developing.

In the north end of the valley, early potatoes are making good growth. Planting of late potatoes is also completed. Pest situation is under control.

Following is the report by districts: **ARMSTRONG, VERNON, OYAMA, WINFIELD AND OKANAGAN CENTRE**

All apples, with the exception of Yellow Newtowns showed very heavy bloom. Pears appear to have set quite heavily and some growers have started to thin pears. At present it looks as though pears will be quite a good crop. Peaches have set a good crop of fruit and cherries look as though they will be up considerably from last year. Strawberry patches at present are in fairly good shape and are just coming into bloom. Tonnage should be up slightly over last year. Raspberries at present are showing quite a lot of cane damage from the late spraying frost and the crop will be down from the previous season.

Early potatoes are making good growth and many of the early patches are in about the right stage for applying dust for flea beetle control. Planting of late potatoes is almost completed. Head lettuce and celery in the Armstrong district is now making rapid growth. All crops are behind last year at the present time. Spring and fall grains are in good shape and also pasture and range lands.

The pest situation at present is not causing too much alarm to growers although cutworms are showing up in the odd vegetable patch. Blister mite is showing up in many pear orchards. To date no codling moths have been captured although the bait pots have been out for some time.

**KELOWNA**  
Apple, pear and cherry blossom was heavy and prolonged. It appears that a fair portion of the cherry blossom failed to set. Up to a point this is good since it will ensure size in the fruit remaining. All most all apple growers applied blossom thinning sprays. It remains to be seen how effective the sprays from the Cawston area and picking there was a large amount of late blossom which may not have been affected by the sprays and this could increase the amount of hand labor to that planted last year. Thinning necessary. Pears appear to have set a good crop.

In general fruit pests and diseases are usual and newly-formed aphids are not troublesome at present. In a few orchards "click" beetles have caused damage to pears and cherries. Bud moth is prevalent where that of pears appears to be much

less than anticipated. Apples are approaching the calyx stage following a "snowball" bloom on most varieties. Newtowns being an exception. Growers applied chemical thinning sprays to apples extensively.

Reports of deer damage in the Naramata area and of bird damage to fruit buds, especially prune, continue to come in. Peach leaf curl and apple powdery mildew are developing. Apple scab while not yet evident, may become a problem as many growers were unable to apply pink sprays due to adverse spray weather at that time. In addition, continuous rain is being experienced at the time when calyx scab sprays should be started.

**OLIVER-OSEYOOS**  
The full bloom date for apples in this district was May 19, the latest in the time this office has been open. It is still too early to assess the set on apples. All other crops appear to have set well. The bird damage reported two weeks ago has reduced the crop on some prune blocks but the overall loss is slight. The growers are now thinning apricots and peaches. The apricots appear to be growing well considering the year and peaches are now starting to push the husk off. Due to the dormant spray being late many pear blocks show blister mite injury. Green peach aphid is present in most peach blocks but has not done any appreciable damage to date. Pear psylla, green apple

## Kelowna arthritic, rheumatism group nets \$5,401.70 in drive

Kelowna branch of Canadian Arthritis and Rheumatism Society exceeded its quota by \$651.70 in the recent financial campaign. Drive chairman C. R. Bull disclosed that a total of \$2,401.70 was collected in the Central Okanagan. With \$3,000 donated by Kelowna and Glenmore Community Chest groups, contributions total \$5,401.70. It was the largest amount ever collected by the arthritic group.

Winfield and Peachland did exceptionally well, exceeding their quotas by 30 and 80 percent respectively. South Benvoullia went 70 percent over its quota, while other districts ranged from ten to 50 percent over objectives.

Individual amounts collected along with team captains are as follows: (quotas in brackets) South Kelowna, Mrs. Dunlop (\$50) \$58.90;

aphis, black cherry aphid and mealy plum aphid have also shown up. Apple mildew is quite apparent on the terminals of some of the more susceptible varieties of apples.

As might be expected on a year such as this, the ground crops are making very poor growth and the harvest will undoubtedly be late.

East Kelowna, Mrs. F. H. Turton (\$50) \$70; South Benvoullia, H. V. Acland (\$50) \$85.50; North Benvoullia, Mrs. W. Tucker (\$100) \$119.75; Okanagan Mission, A. Archer-Houston (\$1,000) \$1,308.15; Rutland and Belgo, E. Muford (\$150) \$168.75; Ellison, A. J. Scott (\$50) \$75.25; Winfield, R. C. Moody (\$100) \$190.90; Westbank, Mrs. D. C. Small (\$100) \$139.30; Okanagan Centre, Mrs. H. L. Venables (\$50) \$42; Peachland, Mrs. W. D. Miller (\$50) \$90.20.

## Westbank

WESTBANK—Friends will regret to hear that Jamie MacKay has had to be taken to the Kelowna hospital for treatment.

Mr. and Mrs. Paul Brown were called to Edmonton last week on account of the illness of Mrs. Brown's father, who died after they got there. They arrived back home Tuesday morning, travelling via Spokane.

In appreciation of the prompt response and the service rendered by

the fire brigade on the call to the fire at his place last week, Grieve Elliott has made a substantial donation towards the working fund of the fire district.

Mr. and Mrs. W. O. Emery, of Detroit, Michigan, are spending a month's holiday with their niece, Mrs. John Paynter.

Several ladies from Westbank are

## SPORTS SPHERE

### Steady practice and excellent pitching by Gary Ball resulted in Kelowna win, declares coach

The results of practice and a lift from Gary Ball's steady pitching were what gave the Orioles the impetus to take last Sunday's game from league-leading, formerly undefeated Summerland Macs, says Kelowna's manager, Rudy Kitch.

The team reacted to the steady influence of pitcher Ball's consistent mound work, and played heads-up baseball, giving them the long end of a 2-1 score, and their second win of the season.

Manager Kitch hopes to be able to retain the services of Ball, but the decision will be made later this week. Whether he plays with Orioles or not is a matter of residence, since his home will now be in Victoria.

Spectators agreed that the Kelowna boys won the game by playing and not by any lucky charms. It was a hard-fought contest all the way through, with a total of only nine hits allowed in the entire game.

**KAMLOOPS WINS**  
Kamloops won their game against Vernon, which puts them a little closer to league-leading Summerland and second-place Oliver. It marks the eighth straight loss for cellar-position Canucks.

Penticton went out of the league to play an exhibition game against Trail, third of a three-season, best-two-out-of-three game series with the Smoke-Eater boys, winning 8-2. This gave Penticton the series.

**Fred Evans wins trophy dash in stock car racing**  
Fred Evans driving car "14", owned by Ross Charters, roared home in the Trophy Dash, and walked off with Saturday night's stock car racing with 150 points.

Second and third place in the meet total were Ed McGinnis No. 4, and Joe Welder, No. 6.

Winners of the heats were: First heat, Joe Welder, No. 6 (own car); second heat, Ed McGinnis, No. 4 (Andy's Auto Body); third heat, Fred Evans, No. 14.

"C" main event was won by Bill Urquhart, driving Rutland Hard-ware's No. 77, and "A" and "B" events were taken by Fred Evans.

Next meet will be on Saturday at the Knox Mountain track, starting at 6:30.

In value Canada's exports of forest products are twice as great as her exports of animal products.

Canadian Press Staff Writer

When Eddie Stanky got the job as manager of St. Louis Cardinals a few years ago, baseball men predicted a great future for him.

They said he had brains, the drive and the qualities of leadership needed to make a successful manager. He had a religious devotion to the game. Many predicted he'd be another Leo Durocher, the man who taught him much about the game.

Eddie made them look good when he started. The Cards waited home in third place in the National League in 1952, Eddie's first season. They finished in a tie for third next year but occasional murmurs of discontent were heard. There were stories that Eddie was nagging the players.

That he was too tough. The Cardinals finished sixth last year. It was a tough season for Stanky. He ran into grief with everybody; his players, the opposition players and umpires.

He tried hard to be conciliatory. At least on the surface he was. What happened between him and his players nobody knows but the fellows concerned.

Perhaps he already had lost them. Or perhaps this is not just a first-class team for the young 1955 season. They lost plenty of games and now are battling less than .500.

At any rate, the Cardinal owner, August Busch, decided last week for a change. He moved Stanky out and brought in Harry (The Hat) Walker from Rochester Red Wings, a Cardinal farm team in the International league.

Where does this leave Stanky? Nowhere for the moment. He intends taking a vacation for a couple of weeks. He has not been dropped from the Cardinal organization altogether. Busch's announcement said he will still be connected with the Cardinals. That's probably because his contract runs through 1956.

All is not lost for Stanky, though. He may return some day as manager of a big-league club. Casey Stengel did it. He was no ball of fire in his first couple of attempts at the managing job. That was with Brooklyn and Boston in the 1930s.

But when he got to the Yankees in 1949, he hit the jackpot.

When Eddie thinks about his future, he'll probably think about that.

### Junior softball teams capture Okanagan title

Kelowna boys and girls, representing the Central Okanagan, romped home with the Okanagan junior softball crown in the finals at Summerland last Friday.

Local teams competed against the north zone—represented by Armstrong boys and girls, and the south zone—represented by Oliver boys and Penticton girls.

Results of the games were: boys—Kelowna 11, Armstrong 5; Armstrong 6, Oliver 3; Kelowna 7, Oliver 5. Girls—Kelowna 23, Armstrong 13; Penticton 17, Armstrong 7; Kelowna 38, Penticton 20.

### Rutland Rovers leading local softball loop

Rutland Rovers softball team won their first two games and at present top the league.

Led by the four Reiger brothers, whose total runs count to a dozen in the two games, Rutland proves to be more seasoned than their opponents.

In the first game, on Wednesday, June 1, Rovers beat the Junior High, 12-9, in a wide-open game of ball. Adam and Henry Reiger earned home runs for the winners, and Bulach laced out a circuit hit for the Junior High. Fred Reiger on the mound earned 15 strike-outs for Rovers. Hitting was fairly even in the game, Rovers 17, Junior High 10.

Against Club 13 on Monday, June 6, it was a 16-13 score, in an "everybody hits, everybody runs" game. Only one man on the two teams failed to score a run.

Coming games are Friday, June 10, Junior High vs. Sunshine Service; Sunday, June 12, Sunshine Service vs. Rutland Rovers; Wednesday June 15, Club 13 vs. Junior High, all games at 6:30 in the City Park Oval.

Box scores for Monday's game: Club 13 AB R 1B SB SH Joe Walter 5 1 0 0 0 John Winninger 5 2 1 0 0 Joe Schneider 5 3 2 0 0 Pete Winninger 6 1 3 0 0 Earl Fortune 6 1 2 0 0 Bob Reissig 6 0 0 0 0 Rudy Seib 6 1 0 0 0 Wally Sehn 5 2 1 0 0

Total 49 13 10  
Rovers AB R 1B SB SH George Reiger 7 2 1 0 0 Al Volk 7 3 2 0 0 Fred Reiger 6 1 1 0 0 John Rizzo 6 1 1 0 1 Frank Reiger 6 2 2 0 0 Henry Reiger 6 1 2 0 0 Al Manarin 6 3 3 0 0 Billy Stranigan 6 1 3 0 1

Total 54 16 16 2

### Kelowna soaring club planning to purchase a glider providing there is sufficient interest

Local enthusiasts of the "wild blue yonder" will have an opportunity to take part in a rapidly-growing sport.

Kelowna Soaring Club, organized last year, plans purchasing a glider and tow-winch, providing membership can be increased to the point whereby the necessary money can be raised.

A meeting is planned in the board room of B.C. Tree Fruits tonight at 7:30 o'clock.

The local club's survey has disclosed the Okanagan is ideally suited for this type of flying. Anyone interested in joining the group, regardless of previous flying experience, is invited to attend tonight's meeting.

Walter Johnson is president of the club; John Fenwick, vice-president and Jack Morrison, secretary.

**EARLY PIONEERS**  
Glider-enthusiast Morrison points out that the soaring sport goes back to 1892 when Otto Lilienthal made the first flight.

The Wright brothers in the U.S. and Raymond Hekking in France made further contributions toward the popular sport.

The flight that resulted in the formation of soaring clubs may be said to be the flight at Modestein in the Rhine mountains. Frederick Harth of Germany on that occasion conquered the gusty mountain air in a glider made by himself and the famous Willy Messerschmidt.

Today there are soaring clubs in many countries of the world, and it is considered to be an economical way to create an interest in flying and give a knowledge that can be readily applied in power flying.

### Errors costly to Rovettes

Lack of experience and costly errors told against the Rutland Rovettes in Sunday's softball game, as Super-Valu Aces trounced them 17-2, in the second game of the women's league.

Felders Margorie Rath and Loretta Manarin scored the two tallies for Rovettes in the fifth inning.

Leading scorer for the Aces was Esther Caldwell, with three runs. Pat Wuest, Adeline Fildes, Mavis Gordon, Mary Welder, Nita Stuart and Melba Field all collected a brace apiece.

Rovettes—Pitcher, Phyllis Ramsay; catcher, Dorothy Hartman; infield, Kay Fitzpatrick, Rosalind Fielder, Dolores Kraft, Frances Weston; outfield, Loretta Manarin, Helen Leonard, Margorie Rath.

Aces—Pitcher, Pat Wuest; catcher, Martha Lansdowne; infield, Nita Stuart, Melba Field, Mary Welder, Betty Boyer; outfield, Esther Caldwell, Mavis Gordon, Adeline Fildes, Evelyn Green, Marie McKenzie.

### Twelve local golfers beat the champs

Twelve golfers beat the champs at Kelowna's golf course in Saturday's National Golf Day, when Ed Furgol gave the men a 72 and Patty Berg the women a 77 to shoot for.

A total of 33 local golfers entered the competition this year, which gives the golfers in the U.S. and Canada a chance to match their skill against the U.S. open champions.

Miss Berg played in place of Babe Zaharias, whose illness forced her to accept a substitute.

Women winners this year were Joan Russell of Vernon 74, and Mrs. Thelma Owen of Kelowna, 76. Tied with Miss Berg was Kay Buckland with 77.

Men winners were: A. B. Clark, 65; Paul Nicholson, 66; William Green, 67; Gary Puder, 69; Roger Tait 69; Dave Wiens, 70; Frank Hyland, 70; Doug McLean, 71; Thomas Tomlins, 71; Les Roadhouse, 71. Ernie Butler tied Furgol with 72.

### Hunt Cup won by local golfer

Joyce Underhill captured the Hunt Cup in last week's competition of the Kelowna Golf Club, with Ada McClelland taking the nine-hole draw.

Next local draw for the ladies will be the putting draw on June 14.

Up the valley it will be the Kamloops ladies' sweepstakes on Saturday, June 18. Names for that contest should be on the club board before June 15 as entries close on that date.

Draw for Tuesday's putting will be: 10:00, Mary Stewart, Margaret Underhill; 10:05, Helen Shirreff, Joyce Underhill; 10:10, Flora Evans; 10:15, Mavis Gordon, Adeline Fildes, Evelyn Green, Marie McKenzie.
